General Information

Overview

This unit is designed to help students become self-directed, active and confident learners. It introduces them to a range of theories and concepts to facilitate the development of practical skills and positive attitudes necessary for success in university. There will be opportunities for critical self-reflection on key aspects of student life, including: individual learning preferences and study habits; time management and goal-setting; individual study and career paths; note-taking and assessment strategies. Students will practise critical thinking, and apply information literacy skills to their research. They will learn to negotiate the procedures and systems used at CQUniversity, and practise communication skills in a range of contexts.
