Term 1 - 2019

Profile information current as at 30/04/2024 10:38 pm

All details in this unit profile for SOWK13009 have been officially approved by CQUniversity and represent a learning partnership between the University and you (our student). The information will not be changed unless absolutely necessary and any change will be clearly indicated by an approved correction included in the profile.

General Information

Overview

This is the first of 2 fieldwork placements that students are required to complete. As a student you will complete 63 days x 7 hours (440 hours) of onsite, agency based interactions and learning tasks in a practice context supervised by an approved agency worker. Students will participate in the range of activities, tasks and processes that the agency encompasses by negotiation with the supervisor and subject to agency rules and procedures. During the first placement students are invited to consolidate and apply their learning from the first two years of study within an agency placement context. Students will observe other workers, participate in the operations of the agency and should be able to critically analyse and articulate their developing professional practice framework within the context of the field placement. Students will be required to attend and participate in assessable tasks in the relevant residential to complete the requirements of this unit. The residential SOWK13010 is a pre-requisite for fieldwork placement, as is all units from year one and two of the BSW Honours course. The students will be contacted once their application has been received and a pre placement consultation will be offered. Eligible students, who have passed all of the pre required units within the BSW Honours Course, will participate in a compulsory seminar in the final residential of their second year of the course, whereby they will also be offered a private consultation. Students who for whatever reason are not attending this residential shall request an interview with the field education coordinator if required or the field education coordinator will request an interview with the student if previous experiences and feedback need to be discussed in regards to placement readiness.

Assessment Tasks

1 Learning Agreement - Refer to Field Education Package Part A and B

Assessment Type

Written Assessment

Task Description

Focus Statement:

The learning agreement is the cornerstone of the most important learning relationships you will ever encounter in your professional career; shaping the educational relationships with field educators who offer to guide your learning journey into the human services sector. This document provides a framework for determining whether the AASW practice standards, competencies and student attributes have been accomplished during Field Education 1. It is imperative that you achieve the deadlines stated in this submission as the Learning Agreement clarifies and articulates roles, goals, objectives, tasks and strategies, methods of evaluation that will drive your field education experience. Consolidating these agreements by the due dates is an important preventative measure maximising your successful completion.

Student Role:

You will need to take a proactive approach to drafting your learning agreement in the first week of field education in collaboration with your field educator. You will need to consult with all members of your field education team; including your **field educator and/or task supervisor**, and **Field Education Liaison Officer (FELO)**, you do not require the signature of the field education coordinator. It's essential that all person/s perspectives are included and approved in the final agreement. Learning agreements must be signed, by all members of the field education team.

Products/Performance: The Field Education Package - Part A and Part B

Your learning agreement is a unique plan that articulates your journey towards professional entry. The document will need to demonstrate the conceptualisation and organisation of your learning needs, learning agendas, and methods for demonstrating competency. There are two major components/parts of this document;

Part A - Placement Structure - Field Education Package; this template is designed to assist the student to develop and apply a clear and thorough understanding of the placement structure. Including key **agency information**, role of the social worker in the agency, the service delivery models of the organisation; and in relation to their **placement monitoring, support and supervision**; the specific responsibilities and roles of each member of the field education team, including the student, Field Education Liaison Officer, Field Educator (supervisor), and (if relevant) task supervisor and external supervisor. In addition the preparation for the field that has been undertaken by the student.

Part B - Learning plan and agreement - Field Education Package; this template outlines six (6) key learning areas. The student must **create a goal** for each area including;

- o identifying the **learning objective** of the goal,
- o creating an **action plan**
- o implement **methods of evaluation**
- o And clearly link these to the **AASW Practice Standards** and **AASW Student Social Work Graduate Attributes**.

Several key documents must be synthesised into the Learning Agreement including the:

- **AASW Practice Standards**
- **AASW Code of Ethics**,
- **Organisational Codes of conduct**,
- **CQUniversity's Student Charter** and **Student Misconduct policy**,
- Any other relevant **occupational health and safety policies** relating to the placement setting.

PLEASE NOTE: the learning agreement should not be regarded as an agreement confined to you and your host organisation. Rather this document is your ongoing agreement with CQUniversity, and ensures that the

AASW Graduate Attributes have been met by the completion of Field Education 2.

Managing changes/revisions to your learning plan during the placement:

- The learning agreement must be undertaken in collaboration with your field educator. Once the document is approved by the FELO, Field Educator and student at the "Learning Plan Meeting" there should be no major changes to the document from that point forward.
- **Any significant revision of the Learning Agreement that departs from the original document should be communicated to the Field Education Coordinator within (3) working days.**
- You are encouraged to use your learning agreement at **each scheduled** supervision session with your **Field Educator or External Field Educator**.
- The **learning plan and agreement, and supervision record** is reviewed at the field education visit, and any changes required can be made at this time, in agreement with both the field educator, University liaison person and the Field Education Coordinator.

Submission:

- You will need the learning agreement signed by; supervisor/s (external and internal - if this is the case) at the **Learning Plan Meeting** in order to submit to moodle.
- You will need to coordinate with the FELO and Field Educator (supervisor), and/off Task Supervisor (onsite supervisor - if applicable) **a Learning Plan meeting** to have Part A and Part B approved. All members of the field education team must approve the learning plan before submitting this to moodle.
- The Field Education Package - Part A and Part B must be submitted to moodle using Microsoft Word Document and a PDF of the signage sheet.

4 Mid Placement Review (Student, Field Educator, and FELO staff collaboration)

Assessment Type

Written Assessment

Task Description

Focus Statement

This is the third contact you will have with academic staff or their representatives at the field placement review that will take place about mid-way through the placement. This usually involves a face-to-face meeting, although sometimes this can be through ISL, Teleconference or ZOOM, depending on the availability of the organisations. You will receive a visit from Field Education Liaison Officer (FELO) in your local district contracted to represent the University. Whilst the University endeavours to make this review as close as possible to midway, this is not always possible, and it could occur earlier or later than mid-way. The field education review is pivotal to your progress in Field Education 1. Several sources of evaluation will contribute to the overall assessment of student progress. Supervision feedback, participation in organisational tasks and practice, contributions made to working with the field education team inclusive of the University, demonstration of social work knowledge and practice and emerging practice framework etc. all contribute to this evaluation.

The mid placement review provides additional opportunities to identify the practice standards, competencies and student attributes that have been attained. The visit also provides the opportunity for any person involved to discuss concerns about the progress of the learning experience in order to provide you with the opportunity to make necessary changes required for

successful completion or where this is not achievable, to conclude the placement.

Student Role and Responsibilities

1. You are responsible for regular moodle/email contact in order to receive announcements related to the coordination of mid field education visits.
2. Consult with the staff member visiting and provide the street address of the meeting, any special directions, parking arrangements, and any other relevant information that may impact on the scheduled visit.
3. Provide a copy of your learning agreement and supervisory record to the member of staff who will be facilitating your review either prior to the visit, or on the day.
4. Determine with your field educator whether the entire review will include all parties or whether they wish to speak with the academic member of staff prior to meeting with you.
5. You are able to take notes during the mid-placement review to ensure you can complete Part C- Mid Placement Review - Field Education package.
6. You are responsible to complete and submit Part C - Mid placement review ([this template is available on moodle](#)). Please note it is NOT the responsibility or task of your supervisor or liaison person to complete any of this form.

Product/Performance

You as the student will be responsible to submit Part C - Mid Placement Review - *Field Education Package*. The template is designed for the student to collect and summarise the overall feedback from both the supervisor and the FELO as well as your own input. Please note it must have a documented action plan attached to the review report if significant changes or departures from the original Learning Agreement.

This should be submitted to moodle within 7 days of your review. *Focus of the Field Education Review* The Learning Agreement is the core document used to determine whether practice standards, competencies and student attributes have been accomplished. The supervision record will complement this document to provide evidence and ongoing evaluation of your learning needs, practice competence and student role in the field. At the outset of the mid placement review your field educator will be asked to confirm if you are accomplishing the terms set out in the Learning Agreement at a pass or fail standard. This confirmation will determine the remaining process of the visit.

The FELO will ask students and field educators or task supervisor (if applicable) and external field educator (if applicable) for their verbal evaluation of the following four issues;

1. A verbal account on the progress of the Learning Agreement and discussion about any changes needed. That includes learning highlights and challenges; the student will be encouraged to discuss how they have or are overcoming challenges.
2. Interpersonal skills, how does the student manage themselves in a team environment; discuss how they are developing in supervision and how do they utilise and respond to feedback. Give an example of feedback being taken; and how it made a difference.
3. Insights into the students learning style; how does this compare and contrast with the field educators learning style and how have they managed this.

This document must be submitted in moodle using Microsoft Word Document within seven (7) days following the Mid placement meeting.

Assessment Due Date

This mid placement review will take place as close to mid placement as possible, it will be between week 6-9. The report is DUE 7 days after the completion of your MPR meeting.

Return Date to Students

Feedback will be given at the review, and again in moodle following submission of the mid placement review assessment

Weighting

Pass/Fail

Minimum mark or grade

Students are strongly advised to keep a copy of their end of placement report; as it may be required by their field educator in the students final placement.

Academic Integrity Statement

As a CQUniversity student you are expected to act honestly in all aspects of your academic work.

Any assessable work undertaken or submitted for review or assessment must be your own work. Assessable work is any type of work you do to meet the assessment requirements in the unit, including draft work submitted for review and feedback and final work to be assessed.

When you use the ideas, words or data of others in your assessment, you must thoroughly and clearly acknowledge the source of this information by using the correct referencing style for your unit. Using others' work without proper acknowledgement may be considered a form of intellectual dishonesty.

Participating honestly, respectfully, responsibly, and fairly in your university study ensures the CQUniversity qualification you earn will be valued as a true indication of your individual academic achievement and will continue to receive the respect and recognition it deserves.

As a student, you are responsible for reading and following CQUniversity's policies, including the [Student Academic Integrity Policy and Procedure](#). This policy sets out CQUniversity's expectations of you to act with integrity, examples of academic integrity breaches to avoid, the processes used to address alleged breaches of academic integrity, and potential penalties.

What is a breach of academic integrity?

A breach of academic integrity includes but is not limited to plagiarism, self-plagiarism, collusion, cheating, contract cheating, and academic misconduct. The Student Academic Integrity Policy and Procedure defines what these terms mean and gives examples.

Why is academic integrity important?

A breach of academic integrity may result in one or more penalties, including suspension or even expulsion from the University. It can also have negative implications for student visas and future enrolment at CQUniversity or elsewhere. Students who engage in contract cheating also risk being blackmailed by contract cheating services.

Where can I get assistance?

For academic advice and guidance, the [Academic Learning Centre \(ALC\)](#) can support you in becoming confident in completing assessments with integrity and of high standard.

What can you do to act with integrity?

Be Honest

If your assessment task is done by someone else, it would be dishonest of you to claim it as your own

Seek Help

If you are not sure about how to cite or reference in essays, reports etc, then seek help from your lecturer, the library or the Academic Learning Centre (ALC)

Produce Original Work

Originality comes from your ability to read widely, think critically, and apply your gained knowledge to address a question or problem
