## 2 Assessment 2: Social Policy Analysis

**Assessment Type**

Essay

**Task Description**

The aim of this assessment is to demonstrate your knowledge and skills regarding the historical development of social policy in Australia and to evaluate value judgements associated with social policy development and implementation. The assessment seeks to evaluate theories of policy development and encourage reflection on the policies that impact social workers and the people we work with.

This assessment requires you to critically analyse a social policy topic in relation to social work values and the Australian Association of Social Workers (AASW) Code of Ethics (2020) and Practice Standards (2023). Utilise social policy theories and concepts discussed in the lectures and readings to demonstrate your knowledge and analysis of the chosen social policy topic.

Choose a field of practice from the provided list and produce a written essay that addresses the following:

1. The historical development of the policy in terms of welfare state arrangements, changed social contexts and shifting political and ideological influences.
2. The current understanding of the problem within the policy, including the evidence and values underpinning the policy problem and solution. This should encompass the main elements and strategies of the policy and how they aim to address the problem.
3. Analyse the ethical issues that may arise when working with First Nations clients and communities, as well as people from culturally and linguistically diverse backgrounds.
4. Evaluate the policy in relation to its alignment to the AASW Code of Ethics (2020) and Practice Standards (2023). You need to include a comment about the AASW's position regarding this policy and to identify areas where there are conflicts with AASW values and ethics.

Suggested social policy topics include:

- Immigration policy
- Child Protection policy
- Family Violence policy
- Education policy
- Indigenous health policy
- Housing policy
- Homelessness policy

The essay should incorporate references to social policy literature. You are expected to refer to the unit content, suggested unit readings and undertake independent reading.

**Literature and references**

In this assessment use at least 10 contemporary references to support your discussion. You may also use seminal scholarly literature where relevant. Suitable references include peer-reviewed journal articles as well as textbooks and credible websites. When sourcing information, consider the five elements of a quality reference: currency, authority, relevance, objectivity, and coverage. Grey literature sourced from the internet must be from reputable websites such as from government, university, or peak national bodies: for example, the Australian Association of Social Workers.

**Requirements**

- Use a cover page that includes your name and student number, the subject code, the date, and the number of words in your submission.
- Use a conventional and legible size 12 font, such as Times New Roman or Arial, with 2.0 line spacing and 2.54 cm page margins (standard pre-set margin in Microsoft Word).

Participating honestly, respectfully, responsibly, and fairly in your university study ensures the CQUniversity qualification you earn will be valued as a true indication of your individual academic achievement and will continue to receive the respect and recognition it deserves.

As a student, you are responsible for reading and following CQUniversity's policies, including the [Student Academic Integrity Policy and Procedure](#). This policy sets out CQUniversity's expectations of you to act with integrity, examples of academic integrity breaches to avoid, the processes used to address alleged breaches of academic integrity, and potential penalties.

### What is a breach of academic integrity?

A breach of academic integrity includes but is not limited to plagiarism, self-plagiarism, collusion, cheating, contract cheating, and academic misconduct. The Student Academic Integrity Policy and Procedure defines what these terms mean and gives examples.

### Why is academic integrity important?

A breach of academic integrity may result in one or more penalties, including suspension or even expulsion from the University. It can also have negative implications for student visas and future enrolment at CQUniversity or elsewhere. Students who engage in contract cheating also risk being blackmailed by contract cheating services.

### Where can I get assistance?
