Assessment Tasks

1 Learning Agreement - Part A & B - Field Education Package

Assessment Type

Written Assessment

Task Description

Focus Statement:

The learning agreement is the cornerstone of the most important learning relationships you will ever encounter in your professional career; shaping the educational relationships with field educators who offer to guide your learning journey into the human services sector. This document provides a framework for determining whether the Australian Association of Social Work (AASW) practice standards, competencies and student attributes have **been accomplished during Field Education 1.**

Student Role & The Field Education Team

You will need to take a proactive approach to drafting your learning agreement in the first week of field education in collaboration with your field educator. You will need to **consult with all members of your field education team; including your field educator and/or task supervisor, and Field Education Liaison Officer (FELO)**, you do not require the signature of the field education coordinator. It's essential that all person/s perspectives are included and approved in the final agreement. Learning agreements must be signed, by all members of the field education team at a **Learning Planning Meeting coordinated and facilitated by the FELO.**

Products/Performance: The Field Education Package - Part A and Part B

Your learning agreement is a unique plan that articulates your journey towards professional entry. The document will need to demonstrate the conceptualisation and organisation of your learning needs, learning agendas, and methods for

demonstrating competency. There are two major components/parts of this document;

- **Part A - Placement Structure - Field Education Package;** this template is designed to assist the student to develop and apply a clear and thorough understanding of the placement structure. Including key agency information, role of the social worker in the agency, the service delivery models of the organisation; and in relation to their placement monitoring, support and supervision; the specific responsibilities and roles of each member of the field education team, including the student, Field Education Liaison Officer, Field Educator (supervisor), and (if relevant) task supervisor and external supervisor. In addition, the preparation for the field that has been undertaken by the student.
- **Part B - Learning plan and agreement - Field Education Package;** this template outlines six (6) key learning areas. The student must **create a goal** for each area including;
 - identifying the learning objective of the goal,
 - identifying the learning objective
 - creating an action plan
 - implement methods of evaluation
 - And, clearly link these to the [AASW Practice Standards](#) and [AASW Student Social Work Graduate Attributes](#).

Several key documents must be synthesised into the Learning Agreement including the:

1. AASW Practice Standards
2. [AASW Code of Ethics](#),
3. Organisational Codes of conduct,
4. [CQUniversity's Student Charter](#) and Student Misconduct policy,
5. Any other relevant occupational health and safety policies relating to the placement setting.

Managing changes/revisions to your learning plan during the placement:

The learning agreement must be undertaken in collaboration with your field educator. Once the document is approved by the FELO, Field Educator and student at the "**Learning Plan Meeting**" there should be **no major changes to the document from that point forward**.

Any significant revision of the Learning Agreement that departs from the original document should be communicated to the Field Education Coordinator within (3) working days.

You are encouraged to use your learning agreement at each scheduled supervision session with your Field Educator or External Field Educator. The learning plan and agreement, and supervision record is reviewed at the field education visit, and any changes required can be made at this time, in agreement with both the field educator, University liaison person and the Field Education Coordinator.

Submission:

You will need the learning agreement signed by; supervisor/s (external and internal - if this is the case) at the Learning Plan Meeting in order to submit to moodle. You will need to coordinate with the FELO and Field Educator (supervisor), and/off Task Supervisor (onsite supervisor – if applicable) a Learning Plan meeting to have Part A and Part B approved. All members of the field education team must approve the learning plan before submitting this to moodle.

4 Mid Placement Review - Part C - Field Education Package

Assessment Type

Off-campus Activity

Task Description

Focus Statement

This is the second contact you will have with academic staff or their representatives at the field placement review that will take place about **mid-way through the placement**. There are **two (2) main components** of this assessment;

1) **A Mid Placement Review (MPR) meeting** facilitated by the *Field Education Liaison Officer (FELO)* and attended by *Field Educator and/or supervisor, and yourself (SWIT)*. The university endeavours for all MPR's to be face-to-face, however sometimes locality and availability of FELO staff can result in a teleconference or ZOOM mode of meeting.

The MPR is pivotal to your progress in Field Education 2. Several sources of evaluation will contribute to the overall assessment of student progress. Supervision feedback, participation in organisational tasks and practice, contributions made to working with the field education team inclusive of the University, demonstration of social work knowledge and practice and emerging practice framework etc. all contribute to this evaluation.

The mid placement review provides additional opportunities to identify the practice standards, competencies and student attributes that have been attained. The visit also provides the opportunity for any person involved to discuss concerns about the progress of the learning experience in order to provide you with the opportunity to make necessary changes required for successful completion or where this is not achievable, to conclude the placement.

2) Part C - Field Education Package - the MPR report; this document will be **completed by the student** and is a record of the meeting. **The template is designed for the student to collect and summarise the overall feedback from both the supervisor and the FELO as well as your own input.** Please see the Part C document/template for further guidance. Please note **you are responsible** for completing this document and may need to take notes during the meeting.

Student Role and Responsibilities

1. You are responsible for the **timely response to FELO correspondence**. Please ensure you check your emails frequently.
2. Consult with the FELO visiting and provide the street address of the meeting, any special directions, parking arrangements, and any other relevant information that may impact on the scheduled visit.
3. Provide a **copy of your learning agreement and supervisory record** to the FELO who will be facilitating your review either prior to the visit, or on the day. Your supervision records provides the FELO an understanding of your engagement in supervision sessions, and your ability to analyse and respond to feedback.
4. **Determine with your field educator** whether the entire review will include all parties or whether they wish to speak with the academic member of staff prior to meeting with you.
5. You **can take notes** during the mid-placement review to ensure you can complete **Part C- Mid Placement Review - Field Education package. You are responsible to complete and submit Part C** - Mid placement review (this template is available on moodle). Please note it is NOT the responsibility or task of your supervisor or liaison person to complete any of this form.

Product/Performance

You as the student will be responsible to submit Part C - Mid Placement Review - Field Education Package.

The template is designed for the student to collect and summarise the overall feedback from both the supervisor and the FELO as well as your own input. Please note it must have a documented action plan attached to the review report if significant changes or departures from the original Learning Agreement. This document must be submitted in moodle using Microsoft Word Document within seven (7) days following the Mid placement meeting.

The Agenda of the MPR:

The FELO will ask students and field educators or task supervisor (if applicable) and external field educator (if applicable) for their verbal evaluation of the following four issues;

1. A verbal account on the progress of the Learning Agreement and discussion about any changes needed. That includes learning highlights and challenges; the student will be encouraged to discuss how they have or are overcoming challenges.
2. Interpersonal skills; how does the student manage themselves in a team environment; discuss how they are developing in supervision and how do they utilise and respond to feedback. Give an example of feedback being taken; and how it made a difference.
3. Insights into the students learning style; how does this compare and contrast with the field educators learning style and how have they managed this.
4. Once the goals have been reviewed the FELO, and the above content has been discussed the FELO will recommend a Pass or Fail, and consult with the field educator/s in regard to their recommendation. The FELO will then pass on this recommendation to the Field Education Coordinator.

Assessment Due Date

Mid Placement Review will occur preferably between Week 7 and Week 9 of placement. The report should be submitted no later than (5) days after the review is conducted.

Return Date to Students

Feedback will be given at the review, and if required in moodle following submission of the mid placement review assessment

Focus Statement

This is the third of three (3:3) contacts your CQUniversity staff will maintain with you throughout your field education experience (1:3 and 2:3 are with the FELO). The main focus of Professional Practice Framework (PPF) Presentation is the demonstration of verbal communication skills articulating your (emerging) personal framework for professional practice, and the application of this PPF to case scenario.

Your Role:

- Refer to the ZOOM meeting instructions on Moodle.
- Prepare a 8-10 min VERBAL presentation of your PPF including VISUAL material (e.g. powerpoint presentation, picture) and apply this PPF to a case scenario generated from client work on placement.

Performance/Product

1. A visual representation or metaphor of your Professional Practice Framework (PPF) and concise articulation of the key components in your framework is to be available for presentation at all times throughout your placement. Your PPF will continually develop and is part of your supervision agenda.
2. The final product is to be presented to your peers in allocated small groups. **The presentation should outline:**
 - i) A **summary of the key elements of the PPF**; identify and explain the relevant theories, methods, values, skills and practice contexts comprising your PPF, and reflexive practice,
 - ii) **Articulate how your PPF was applied to client work**; case management, intake, support plan, and/or service delivery model specific to your placement setting.
 - iii) **Articulate the reflective and reflexive aspects** of this client intervention; evaluating the outcomes of this intervention.

Please note if the presentation extends past ten (10) minutes, the remaining content will not be assessed.

Please note failure to attend the session without prior APPROVAL from the UC will result in a fail for this assessment.

The assessment visual material must be submitted to moodle.

Assessment Due Date

ZOOM invites will be sent via Microsoft Outlook and a session schedule will be posted on moodle. Sessions will occur between weeks 10 - 14.

Focus Statement

The end of placement report is an evaluation and assessment of the student social worker's attainment and application of social work practice standards, ethics, integration of theory to practice and approach to supervision, feedback and learning.

Your role/responsibilities

- Students should be proactive in **terms of scheduling the final supervision** around the report and ensuring the supervisor does have a copy of the template. It is your responsibility to ensure that your supervisor has a copy for completion - a copy can be found on the unit moodle site.
- Students are responsible for uploading this report to moodle (unless a supervisor requests to deliver the report directly to the unit coordinator)

Product/Performance

This report is completed by the supervising social worker (internal or external) and is the responsibility of the supervising social worker. A template of this report is available on the unit moodle site and is provided to your supervisor at their commencement. The final report should be planned in advance of completion with most reports finalised in the last two weeks of placement. This allows time for the supervisor/s to discuss the evaluation report with the student prior to completion. Each relevant practice standard should have been completed and signed before submission.

Please Note:

Grades cannot be completed until the final report has been received and graded. In regards to your final grade the end of placement report is carefully considered, however the Unit Coordinator is responsible for awarding the students final grade.

Students are strongly advised to keep a copy of their end of placement report; as it may be required by their field educator in the students final placement.

This is due in the final week of placement, however field educators have one week post placement to complete and email to the student to upload to moodle. Please note that delays in the submission of your final report can impact on graduation timeframes due to the extended placement period. Should you have not received your final report at the completion of your placement it is your responsibility to contact the supervisor to follow up. Academic Integrity Statement

As a CQUniversity student you are expected to act honestly in all aspects of your academic work.

Any assessable work undertaken or submitted for review or assessment must be your own work. Assessable work is any type of work you do to meet the assessment requirements in the unit, including draft work submitted for review and feedback and final work to be assessed.

When you use the ideas, words or data of others in your assessment, you must thoroughly and clearly acknowledge the source of this information by using the correct referencing style for your unit. Using others' work without proper acknowledgement may be considered a form of intellectual dishonesty.

Participating honestly, respectfully, responsibly, and fairly in your university study ensures the CQUniversity qualification you earn will be valued as a true indication of your individual academic achievement and will continue to receive the respect and recognition it deserves.

As a student, you are responsible for reading and following CQUniversity's policies, including the [Student Academic Integrity Policy and Procedure](#). This policy sets out CQUniversity's expectations of you to act with integrity, examples of academic integrity breaches to avoid, the processes used to address alleged breaches of academic integrity, and potential penalties.

What is a breach of academic integrity?

A breach of academic integrity includes but is not limited to plagiarism, self-plagiarism, collusion, cheating, contract cheating, and academic misconduct. The Student Academic Integrity Policy and Procedure defines what these terms mean and gives examples.

Why is academic integrity important?

A breach of academic integrity may result in one or more penalties, including suspension or even expulsion from the University. It can also have negative implications for student visas and future enrolment at CQUniversity or elsewhere. Students who engage in contract cheating also risk being blackmailed by contract cheating services.

Where can I get assistance?

For academic advice and guidance, the [Academic Learning Centre \(ALC\)](#) can support you in becoming confident in completing assessments with integrity and of high standard.

What can you do to act with integrity?

Be Honest

If your assessment task is done by someone else, it would be dishonest of you to claim it as your own

Seek Help

If you are not sure about how to cite or reference in essays, reports etc, then seek help from your lecturer, the library or the Academic Learning Centre (ALC)

Produce Original Work

Originality comes from your ability to read widely, think critically, and apply your gained knowledge to address a question or problem
