# SPCH11001 Introduction to Communication and Swallowing Term 1 - 2024

#### Profile information current as at 14/05/2024 09:09 pm

All details in this unit profile for SPCH11001 have been officially approved by CQUniversity and represent a learning partnership between the University and you (our student). The information will not be changed unless absolutely necessary and any change will be clearly indicated by an approved correction included in the profile.

# **General Information**

# Overview

In this unit you will be introduced to developmental and acquired communication and swallowing difficulties across the lifespan. You will study how we use person-centred, family-centred, and community-centred approaches to assist people in optimising their communication and swallowing in a variety of contexts. You will learn about the principles of evidenced-based practice and strategies to support communication access across the lifespan.

## Assessment Overview

 Online Quiz(zes) Weighting: 60%
 Presentation Weighting: 40%

# Assessment Grading

This is a graded unit: your overall grade will be calculated from the marks or grades for each assessment task, based on the relative weightings shown in the table above. You must obtain an overall mark for the unit of at least 50%, or an overall grade of 'pass' in order to pass the unit. If any 'pass/fail' tasks are shown in the table above they must also be completed successfully ('pass' grade). You must also meet any minimum mark requirements specified for a particular assessment task, as detailed in the 'assessment task' section (note that in some instances, the minimum mark for a task may be greater than 50%). Consult the <u>University's Grades and Results Policy</u> for more details of interim results and final grades.

# **CQUniversity Policies**

### All University policies are available on the CQUniversity Policy site.

You may wish to view these policies:

This list is not an exhaustive list of all University policies. The full list of University policies are available on the <u>CQUniversity Policy site</u>.

# **Previous Student Feedback**

# Feedback, Recommendations and Responses

Every unit is reviewed for enhancement each year. At the most recent review, the following staff and student feedback items were identified and recommendations were made.

## Feedback from Student Unit Evaluation data

## Feedback

Students commented that they enjoyed the group activities in the tutorials as a way to engage with peers and consolidate their learning.

### Recommendation

It is recommended that the tutorials continue to contain group activities to allow students to put theory into practice.

## Feedback from Student Unit Evaluation data

## Feedback

Online students commented that the tutorial activities require more specificity on the PowerPoint slides for required tasks.

## Recommendation

It is recommended that the tutorial PowerPoint slides are reviewed to ensure specific instructions are provided for each tutorial activity.

# **Unit Learning Outcomes**

## On successful completion of this unit, you will be able to:

- 1. Explain anatomical basis for the development of communication and swallowing
- 2. Describe the different types of communication and swallowing difficulties across the lifespan
- 3. Describe strategies to support communication and swallowing goals and needs across the lifespan
- 4. Discuss the International Classification of Functioning, Disability and Health framework and the principles of evidence-based practice

### Assessment Due Date

The date and time each quiz will be open has been included under 'task description'. This information will also be provided on the Moodle page.

## **Return Date to Students**

Feedback will be provided to students within one week of each quiz closing.

### Weighting

60%

#### Minimum mark or grade

This is a must pass assessment task. Students must receive a minimum grade of 50% OVERALL on the combined grade of the six quizzes.

### **Assessment Criteria**

Students will be assessed on their knowledge of the anatomical and theoretical basis of communication and swallowing as well as communication and swallowing difficulties across the lifespan. Students will demonstrate this knowledge through correct responses to multiple choice and short answer questions on online quizzes.

### **Referencing Style**

American Psychological Association 7th Edition (APA 7th edition)

## Submission

Online

### **Submission Instructions**

Students must complete each quiz in the timeframe provided before the closing date via Moodle.

## Learning Outcomes Assessed

- Explain anatomical basis for the development of communication and swallowing
- Describe the different types of communication and swallowing difficulties across the lifespan

# 2 Presentation

## Assessment Type

Presentation

### **Task Description**

For this assessment task, you are required to research a condition that will result in primary or secondary communication or swallowing difficulties. You will then record a presentation on that condition. A list of options has been provided on your Moodle page. In your presentation you will need to:

- 1. Describe the condition and the communication or swallowing difficulties an individual may experience.
- 2. Outline how the condition and communication or swallowing difficulties will impact the client with reference to the International Classification of Functioning, Disability and Health framework.
- Describe strategies that can be used to support the client with their communication or swallowing difficulties. This should include strategies for the client and communication partners as well as relevant environmental modifications.

Your recorded presentation needs to be professional and engaging. Therefore, you are encouraged to utilise recording software that will allow use of visuals such as PowerPoint. Your recorded presentation must be no longer than 5 minutes. While the length of your presentation is not included in the marking rubric, the marker will not watch or mark any content that exceeds 5 minutes.

# Academic Integrity Statement

As a CQUniversity student you are expected to act honestly in all aspects of your academic work.

Any assessable work undertaken or submitted for review or assessment must be your own work. Assessable work is any type of work you do to meet the assessment requirements in the unit, including draft work submitted for review and feedback and final work to be assessed.

When you use the ideas, words or data of others in your assessment, you must thoroughly and clearly acknowledge the source of this information by using the correct referencing style for your unit. Using others' work without proper acknowledgement may be considered a form of intellectual dishonesty.

Participating honestly, respectfully, responsibly, and fairly in your university study ensures the CQUniversity qualification you earn will be valued as a true indication of your individual academic achievement and will continue to receive the respect and recognition it deserves.

As a student, you are responsible for reading and following CQUniversity's policies, including the **Student Academic Integrity Policy and Procedure**. This policy sets out CQUniversity's expectations of you to act with integrity, examples of academic integrity breaches to avoid, the processes used to address alleged breaches of academic integrity, and potential penalties.

#### What is a breach of academic integrity?

A breach of academic integrity includes but is not limited to plagiarism, self-plagiarism, collusion, cheating, contract cheating, and academic misconduct. The Student Academic Integrity Policy and Procedure defines what these terms mean and gives examples.

### Why is academic integrity important?

A breach of academic integrity may result in one or more penalties, including suspension or even expulsion from the University. It can also have negative implications for student visas and future enrolment at CQUniversity or elsewhere. Students who engage in contract cheating also risk being blackmailed by contract cheating services.

### Where can I get assistance?

For academic advice and guidance, the <u>Academic Learning Centre (ALC)</u> can support you in becoming confident in completing assessments with integrity and of high standard.

#### What can you do to act with integrity?

#### Be Honest If your assessment task is done by someone else, it would be dishonest of you to claim it as your own

## Seek Help

If you are not sure about how to cite or reference in essays, reports etc, then seek help from your lecturer, the library or the Academic Learning Centre (ALC)

## Produce Original Work

Originality comes from your ability to read widely, think critically, and apply your gained knowledge to address a question or problem
