Previous Student Feedback

Feedback, Recommendations and Responses

Every unit is reviewed for enhancement each year. At the most recent review, the following staff and student feedback items were identified and recommendations were made.

Feedback from Have Your Say Survey; Student Feedback to Unit Coordinator

Feedback

Students requested for the report templates provided in the clinic to align more closely with what is taught within this unit.

Recommendation

The unit coordinator should collaborate with the assigned clinical educator, to ensure students are taught how to create reports using templates that align with the expectations of the University Clinic.

Feedback from Have Your Say Survey; Student Feedback to Unit Coordinator

Feedback

Tutorial time was allocated each week to students verbally reflecting on their clinical experiences and receiving feedback from peers and the unit coordinator. Students reported that these sessions were helpful in developing their critical reflection skills and assisted them to complete assessment task 3.

Recommendation

The unit coordinator should allocate tutorial time each week, for students to verbally reflect on their clinical experiences and receive feedback from their peers and the unit coordinator.

Unit Learning Outcomes

On successful completion of this unit, you will be able to:

1. Apply holistic, evidence-based strategies which maximise client participation and achievement during speech pathology assessment and intervention
2. Develop and implement evidence-based assessment and therapy plans for speech pathology practice

Assessment Tasks

1 Treatment Plan

Assessment Type

Written Assessment

Task Description

For this assessment you are required to submit two consecutive therapy plans for the paediatric client you see at the CQUniversity Health Clinic. These session plans must pertain to the first two therapy sessions you run in the clinic. Your therapy plans must clearly detail:

1. Long term and short-term goals for the client
2. A description of each activity to be completed including the time frame
3. The resources required for each activity
4. The scaffolding/prompting you intend to provide to the client
5. How you plan to collect data (you may attach any data recording forms used as an appendix)
6. How you intend to set up the environment
7. The therapy approach/es you intend to use

Therapy plan one and two must also clearly outline a justification for the following aspects of the plan:

- Therapy goals selected
- Therapy approach chosen

These justifications should be written with reference to evidence based practice (e.g., literature, your Clinical Educator's guidance, client priorities) and your assessment results (which may be attached as an appendix). A template for this assessment task will be provided for you on Moodle.

2 Reflective Practice Assignment

Assessment Type

Reflective Practice Assignment

Task Description

To complete this reflective practice assignment, you need to do the following:

1. Choose two of the four generic professional competency areas. For each of the two areas chosen, you need to identify and reflect upon one area of strength and one area for improvement, specifically indicating which element/s these apply to. Your strength and area for improvement may fall within the same element of a competency area, or into two separate elements. Therefore, your assessment should include a total of two strengths and two areas for improvement.
2. For each strength and area of improvement, provide an explicit example using the Description-Interpretation-Outcome framework. Your example may relate to your work-integrated experiences or your academic learning experiences in SPCH12007. When describing your example, you need to consider and compare your understanding and performance for that competency at the beginning of term compared to the end of term.
3. For each area of improvement that you identify, write a SMART behavioural objective to describe how you will progress your competency. Discuss one strategy you can apply to assist you in meeting that objective.

Assessment Due Date

Week 5 Wednesday (15 Dec 2021) 9:00 am AEST

This assessment task must be uploaded to Moodle by the due date/time.

Return Date to Students

Academic Integrity Statement

As a CQUniversity student you are expected to act honestly in all aspects of your academic work.

Any assessable work undertaken or submitted for review or assessment must be your own work. Assessable work is any type of work you do to meet the assessment requirements in the unit, including draft work submitted for review and feedback and final work to be assessed.

When you use the ideas, words or data of others in your assessment, you must thoroughly and clearly acknowledge the source of this information by using the correct referencing style for your unit. Using others' work without proper acknowledgement may be considered a form of intellectual dishonesty.

Participating honestly, respectfully, responsibly, and fairly in your university study ensures the CQUniversity qualification you earn will be valued as a true indication of your individual academic achievement and will continue to receive the respect and recognition it deserves.

As a student, you are responsible for reading and following CQUniversity's policies, including the [Student Academic Integrity Policy and Procedure](#). This policy sets out CQUniversity's expectations of you to act with integrity, examples of academic integrity breaches to avoid, the processes used to address alleged breaches of academic integrity, and potential penalties.

What is a breach of academic integrity?

A breach of academic integrity includes but is not limited to plagiarism, self-plagiarism, collusion, cheating, contract cheating, and academic misconduct. The Student Academic Integrity Policy and Procedure defines what these terms mean and gives examples.

Why is academic integrity important?

A breach of academic integrity may result in one or more penalties, including suspension or even expulsion from the University. It can also have negative implications for student visas and future enrolment at CQUniversity or elsewhere. Students who engage in contract cheating also risk being blackmailed by contract cheating services.

Where can I get assistance?

For academic advice and guidance, the [Academic Learning Centre \(ALC\)](#) can support you in becoming confident in completing assessments with integrity and of high standard.

What can you do to act with integrity?

Be Honest

If your assessment task is done by someone else, it would be dishonest of you to claim it as your own

Seek Help

If you are not sure about how to cite or reference in essays, reports etc, then seek help from your lecturer, the library or the Academic Learning Centre (ALC)

Produce Original Work

Originality comes from your ability to read widely, think critically, and apply your gained knowledge to address a question or problem
