SPCH13011 Stuttering and related conditions

Term 2 - 2024

Profile information current as at 29/04/2024 04:18 pm

All details in this unit profile for SPCH13011 have been officially approved by CQU University and represent a learning partnership between the University and you (our student). The information will not be changed unless absolutely necessary and any change will be clearly indicated by an approved correction included in the profile.

General Information

Overview

In this unit you will advance your knowledge in the aetiology, diagnosis, prognosis, and management of stuttering and related conditions for children and adults. You will explore evidence-based practice in the diagnosis and management of stuttering. The International Classification of Functioning, Disability, and Health framework and current research evidence will provide context and structure to assist you in administering management plans.

Details

Career Level: *Undergraduate*

Unit Level: *Level 3*

Students who do not drop the unit in this timeframe cannot later drop the unit without academic and financial liability. See details in the [Assessment Policy and Procedure \(Higher Education Coursework\)](#).

Offerings For Term 2 - 2024

- Rockhampton

Attendance Requirements

All on-campus students are expected to attend scheduled classes – in some units, these classes are identified as a mandatory (pass/fail) component and attendance is compulsory. International students, on a student visa, must maintain a full time study load and meet both attendance and academic progress requirements in each study period (satisfactory attendance for International students is defined as maintaining at least an 80% attendance record).

Website

[This unit has a website, within the Moodle system, which is available two weeks before the start of term. It is important that you visit your Moodle site throughout the term. Please visit Moodle for more information.](#)

Previous Student Feedback

Feedback, Recommendations and Responses

Every unit is reviewed for enhancement each year. At the most recent review, the following staff and student feedback items were identified and recommendations were made.

Feedback from SUTE

Feedback

Students reported that they would like better explanation of the expectations of the assessments.

Recommendation

It is recommended that the unit coordinator revise the assessment instructions to ensure that they are clear for all students.

Feedback from SUTE

Feedback

Students reported that they found it very interesting to learn about stuttering and the different treatment programs.

Recommendation

It is recommended that the unit coordinator continue to provide students with evidence based treatments for stuttering and related conditions.
