Previous Student Feedback

Feedback, Recommendations and Responses

Every unit is reviewed for enhancement each year. At the most recent review, the following staff and student feedback items were identified and recommendations were made.

Feedback from Have Your Say Academic team planning and review feedback

Feedback

Students have reported over successive years that the workload requirements for this unit are excessive, especially as the unit is only offered in Term 2, at the same time as their work-integrated learning block placements.

Recommendation

The feedback from students has been considered during the re-alignment of the CB87 Bachelor of Speech Pathology (Honours) curriculum due for implementation in 2018-2020. The learning outcomes, the expectations and criteria for assessment tasks, and the timing of assessment tasks will be reviewed by the unit coordinator prior to the next offering of SPCH14004.

Feedback from Have Your Say

Feedback

The assessment tasks required review mid-term as students reported the assessment tasks and rubrics continued to be confusing.

Recommendation

The assessment tasks, guides and rubrics will be reviewed to clarify the expectations of the assessment tasks. These expectations will also be communicated to the students at the beginning of the unit.

Feedback from Have Your Say

Feedback

Students identified that they appreciated the extra time and learning resources which assisted them to grasp new research concepts.

Recommendation

The unit will continue to provide structured and authentic learning experiences which assist the students to grasp new research concepts.

Feedback from Course Committee feedback

Feedback

The rate of student feedback for SPCH14004 has been low. Given the small enrolment numbers, high return rates are particularly important when reviewing this unit.

Recommendation

The unit coordinator will remind students through the Moodle site and email to complete the Have Your Say feedback before the end of the survey period.

Unit Learning Outcomes

There are no learning outcomes available for this unit

Alignment of Learning Outcomes, Assessment and Graduate Attributes

Textbooks and Resources

Textbooks

There are no required textbooks.

Additional Textbook Information

There is no prescribed textbook for this unit although students will find that the prescribed and recommended texts for SPCH14002 (Honours Research Practicum 1) will continue to be useful for this unit. Additional readings will be signposted on Moodle as required.

Assessment Tasks

1 in-Class Presentation

Assessment Type

Presentation

Task Description

You will present your research with your research group (or individually if working independently) to your peers, staff, and guests. Your presentation needs to discuss the background and aims of the project, the methods, the findings, strengths and limitations of the work, and implications for future research and clinical practice. Presentations are to be a maximum of 30 minutes in length, including time for questions and answers.

Assessment Due Date

Week 5 Friday (10 Aug 2018) 9:00 am AEST
In-Class (9:00am to 12:00pm)

Return Date to Students

Week 6 Monday (20 Aug 2018)
via Moodle

Weighting

30%

Minimum mark or grade

Must Pass. Student must achieve a grade of at least 50%.

Assessment Criteria

1. Knowledge of topic, accuracy and content of your presentation, and ability to answer questions (20 points).
2. Presentation skills including the ability to present content without reading, appropriate use of visuals including table and figures to present data, time management, and overall organisation of presentation (10 points).

Referencing Style

- Problem Solving
- Critical Thinking
- Information Literacy
- Information Technology Competence
- Ethical practice
- Social Innovation

2 Conference Abstract and Reflection

Assessment Type

Written Assessment

Task Description

This is an individual task that has two parts. For Part 1, you will need to develop an abstract adhering to guidelines specified for submission to the Speech Pathology Australia National Conference. For Part 2, you are required to write a reflection that discusses your overall research experience to date, and how you will use the experience and skills gained in future practice. As part of this reflection, you should also discuss how your research this year has/will contribute to evidence-based practice in speech pathology.

Assessment Due Date

Week 6 Friday (24 Aug 2018) 4:00 pm AEST
via Moodle

Return Date to Students

Week 8 Monday (3 Sept 2018)
via Moodle

Weighting

20%

Minimum mark or grade

Must Pass. Student must achieve a grade of at least 50%.

Assessment Criteria

1. The abstract is clear and accurate, provides justification and sufficient background information, aims, methods, results and conclusions. The abstract provides convincing identification of application to speech pathology, demonstrating student's understanding of topic within in the context of speech pathology practice in Australia. Scientific writing style and APA referencing are consistently used throughout the task (10 points).
2. Reflection shows evidence of deep, critical, reflective thinking and makes clear links between the research experience and clinical practice. Reflection demonstrates understanding of evidence-based practice and importance of contributing new knowledge. Reflection is clearly written and uses referencing accurately, where appropriate (10 points).

3 Final Research Report

Assessment Type

Written Assessment

Task Description

This is an individual task.

You will submit a written research report in the form of a scientific manuscript. The report needs to include a title page, abstract, background and aims, methods and results, discussion and conclusion. The report must use academic writing conventions and adhere to APA referencing and formatting guidelines.

Assessment Due Date

Week 12 Friday (5 Oct 2018) 4:00 pm AEST

via Moodle

Return Date to Students

Exam Week Monday (15 Oct 2018)

via Moodle

Weighting

50%

Minimum mark or grade

Must Pass. Student must achieve a grade of at least 50%.

Assessment Criteria

1. Abstract is a concise and accurate reflection of the project. The background to the project is clearly explained and justified, incorporating high quality research evidence, and places the research within the context of speech pathology practice. The background leads logically into the project's aims, which are clearly and concisely stated (10 points).
2. The methodology of the project is described clearly and concisely and is well justified (5 points)
3. The data are appropriately and accurately analysed and well presented via a combination of text, tables, and figures (10 points).
4. The discussion shows critical analysis of the results, using literature to support explanations. Strengths and limitations of the project are well explained and future directions for research and application/implementation into clinical practice is discussed (15 points).
5. Conclusion provides a clear, analytical summary of the work (3 points).
6. The report is cohesive, written using academic writing conventions. APA referencing and formatting is applied throughout (7 points).

Academic Integrity Statement

As a CQUniversity student you are expected to act honestly in all aspects of your academic work.

Any assessable work undertaken or submitted for review or assessment must be your own work. Assessable work is any type of work you do to meet the assessment requirements in the unit, including draft work submitted for review and feedback and final work to be assessed.

When you use the ideas, words or data of others in your assessment, you must thoroughly and clearly acknowledge the source of this information by using the correct referencing style for your unit. Using others' work without proper acknowledgement may be considered a form of intellectual dishonesty.

Participating honestly, respectfully, responsibly, and fairly in your university study ensures the CQUniversity qualification you earn will be valued as a true indication of your individual academic achievement and will continue to receive the respect and recognition it deserves.

As a student, you are responsible for reading and following CQUniversity's policies, including the [Student Academic Integrity Policy and Procedure](#). This policy sets out CQUniversity's expectations of you to act with integrity, examples of academic integrity breaches to avoid, the processes used to address alleged breaches of academic integrity, and potential penalties.

What is a breach of academic integrity?

A breach of academic integrity includes but is not limited to plagiarism, self-plagiarism, collusion, cheating, contract cheating, and academic misconduct. The Student Academic Integrity Policy and Procedure defines what these terms mean and gives examples.

Why is academic integrity important?

A breach of academic integrity may result in one or more penalties, including suspension or even expulsion from the University. It can also have negative implications for student visas and future enrolment at CQUniversity or elsewhere. Students who engage in contract cheating also risk being blackmailed by contract cheating services.

Where can I get assistance?

For academic advice and guidance, the [Academic Learning Centre \(ALC\)](#) can support you in becoming confident in completing assessments with integrity and of high standard.

What can you do to act with integrity?

Be Honest

If your assessment task is done by someone else, it would be dishonest of you to claim it as your own

Seek Help

If you are not sure about how to cite or reference in essays, reports etc, then seek help from your lecturer, the library or the Academic Learning Centre (ALC)

Produce Original Work

Originality comes from your ability to read widely, think critically, and apply your gained knowledge to address a question or problem
