SPCH14009 Speech Pathology Work-Integrated Learning 5 Term 1 - 2019

Profile information current as at 18/05/2024 09:43 pm

All details in this unit profile for SPCH14009 have been officially approved by CQUniversity and represent a learning partnership between the University and you (our student). The information will not be changed unless absolutely necessary and any change will be clearly indicated by an approved correction included in the profile.

General Information

Overview

In this unit you will have the opportunity to work with children and/or adults with a wide range of communication and/or swallowing difficulties in sessional placements. A focus will be placed on the application of your clinical skills within the International Classification of Functioning, Disability and Health (ICF) framework, through a combination of tutorials, and sessional clinical placement/s. During the regular tutorials for this unit, you will further develop your reflective practice skills through group discussions and share your knowledge and experiences with peers. This unit also requires you to complete learning plans for your placement/s. Your sessional placement/s will provide you with work-integrated learning experiences which will enable you to develop and demonstrate entry-level competence across the majority of the Competency-based Occupational Standards (CBOS, 2011) and the generic professional competencies described in the Competency Assessment in Speech Pathology (COMPASS®). From these clinical experiences, you will develop a clinical portfolio that contains emerging evidence of these skills across different range of practice areas and further develop your reflective practice skills. Prior to the commencement of the unit, you must complete all pre-clinical requirements, as outlined in the Speech Pathology Clinical Education Handbook, and maintain these requirements throughout the unit.

Details

Career Level: Undergraduate Unit Level: Level 4 Credit Points: 6 Student Contribution Band: 8 Fraction of Full-Time Student Load: 0.125

Pre-requisites or Co-requisites

Pre-requisites:SPCH12005 SPCH13006 SPCH13008

Important note: Students enrolled in a subsequent unit who failed their pre-requisite unit, should drop the subsequent unit before the census date or within 10 working days of Fail grade notification. Students who do not drop the unit in this timeframe cannot later drop the unit without academic and financial liability. See details in the <u>Assessment Policy and</u> <u>Procedure (Higher Education Coursework)</u>.

Offerings For Term 1 - 2019

Rockhampton

Attendance Requirements

All on-campus students are expected to attend scheduled classes – in some units, these classes are identified as a mandatory (pass/fail) component and attendance is compulsory. International students, on a student visa, must maintain a full time study load and meet both attendance and academic progress requirements in each study period (satisfactory attendance for International students is defined as maintaining at least an 80% attendance record).

Website

This unit has a website, within the Moodle system, which is available two weeks before the start of term. It is important that you visit your Moodle site throughout the term. Please visit Moodle for more information.

Class and Assessment Overview

Recommended Student Time Commitment

Each 6-credit Undergraduate unit at CQUniversity requires an overall time commitment of an average of 12.5 hours of study per week, making a total of 150 hours for the unit.

Class Timetable

Regional Campuses

Bundaberg, Cairns, Emerald, Gladstone, Mackay, Rockhampton, Townsville

Metropolitan Campuses Adelaide, Brisbane, Melbourne, Perth, Sydney

Assessment Overview

 Professional Practice Plans (learning plans) Weighting: 20%
 Reflective Practice Assignment Weighting: 80%
 Professional Practice Placement Weighting: Pass/Fail
 Portfolio Weighting: Pass/Fail

Assessment Grading

This is a graded unit: your overall grade will be calculated from the marks or grades for each assessment task, based on the relative weightings shown in the table above. You must obtain an overall mark for the unit of at least 50%, or an overall grade of 'pass' in order to pass the unit. If any 'pass/fail' tasks are shown in the table above they must also be completed successfully ('pass' grade). You must also meet any minimum mark requirements specified for a particular assessment task, as detailed in the 'assessment task' section (note that in some instances, the minimum mark for a task may be greater than 50%). Consult the <u>University's Grades and Results Policy</u> for more details of interim results and final grades.

CQUniversity Policies

All University policies are available on the <u>CQUniversity Policy site</u>.

You may wish to view these policies:

- Grades and Results Policy
- Assessment Policy and Procedure (Higher Education Coursework)
- Review of Grade Procedure
- Student Academic Integrity Policy and Procedure
- Monitoring Academic Progress (MAP) Policy and Procedure Domestic Students
- Monitoring Academic Progress (MAP) Policy and Procedure International Students
- Student Refund and Credit Balance Policy and Procedure
- Student Feedback Compliments and Complaints Policy and Procedure
- Information and Communications Technology Acceptable Use Policy and Procedure

This list is not an exhaustive list of all University policies. The full list of University policies are available on the <u>CQUniversity Policy site</u>.

Unit Learning Outcomes

On successful completion of this unit, you will be able to:

- Demonstrate competence across the majority of the seven Competency-based Occupational Standards (CBOS) and the four generic professional competency units, as described by the Competency Assessment in Speech Pathology (COMPASS®) assessment tool
- Provide evidence of competence across different range of practice areas as well as the four generic professional competencies and the seven Competency-based Occupational Standards (CBOS) as described by the Competency Assessment in Speech Pathology (COMPASS) tool
- 3. Develop reflective practice skills and demonstrate an understanding of their importance when working as a student clinician

The range of practice areas covered within this unit will depend largely on the nature of each student's clinical placements. However, each placement will allow students to have the opportunity to demonstrate entry-level competence with an adult and/or paediatric population across one or more of the following range of practice areas: Voice, Swallowing, Speech, Language, Multi-Modal Communication, Fluency

Students will be assessed across each of the following four generic professional competencies (GPCs) described by the Competency Assessment in Speech Pathology (COMPASS®) assessment tool:

Unit 1: Reasoning

Unit 2: Communication

Unit 3: Learning

Unit 4: Professionalism

Students will also be assessed across each of the following seven Competency-Based Occupational standards (CBOS) units:

CBOS Unit 1: Assessment

CBOS Unit 2: Analysis and interpretation

CBOS Unit 3: Planning evidence-based speech pathology practice

CBOS Unit 4: Implementation of speech pathology practice

CBOS Unit 5: Planning, providing and managing speech pathology services

CBOS Unit 6: Professional and supervisory practice

CBOS Unit 7: Lifelong learning and reflective practice

Additional Textbook Information

The prescribed textbook (Tellis & Barrone, 2018) is the same as that which was prescribed for your WIL units in third year (i.e. in 2018). You are therefore not required to purchase the prescribed textbook for this unit if you already have a copy. If however you do need to purchase this textbook, you may need source it yourself, as the CQU bookshop may not have additional copies available.

IT Resources

You will need access to the following IT resources:

- CQUniversity Student Email
- Internet
- Unit Website (Moodle)

Referencing Style

All submissions for this unit must use the referencing style: <u>American Psychological Association 6th Edition (APA 6th</u> edition)

For further information, see the Assessment Tasks.

Assessment Tasks

1 Learning Plan

Assessment Type

Professional Practice Plans (learning plans)

Task Description

Setting personal learning goals is an important step in the process of improving the way in which we learn and achieve, building our capacity to learn, and developing our ability to be independent learners. By being active participants in the learning process, we are more likely to feel empowered and motivated to reach our full potential.

"Previous research into the motivation and efficiency of students has indicated that students who set their own working goals tend to achieve more than when working on goals set for them by the teacher. Students who set their own learning goals have more confidence to take on more challenging tasks, regardless of their ability. Their motivation to improve and master a task is improved and their self-esteem remains strong, even in the case of failure. When students are assisted to delve into their own thinking and learning processes, they are drawn to think about the effectiveness of the strategies they used to achieve the learning goals they set. Planning what to do, monitoring progress towards achieving it and evaluating the outcome can help students take more control over their thinking and learning processes and equip them with learning to learn skills." (Department of Education and Early Childhood Development, 2006, p.3).

For this assessment task you will therefore be required to develop an individualised learning plan that relates directly to your work-integrated learning experiences (sessional placements) which take place as part of this unit. This learning plan should demonstrate your ability to identify key areas for improvement or future learning, to present these as SMART goals, and to provide clear rationales for your objectives. Goals should be directly linked to at least one CBOS and/or generic professional competency unit. You are also required to identify and explain appropriate strategies and methods designed to assist you to achieve your goals, as well as an evaluation plan that will enable you to determine whether or not you have achieved your goals at the end of the term.

Assessment Due Date Week 3 Wednesday (27 Mar 2019) 9:00 pm AEST

Return Date to Students

Week 5 Wednesday (10 Apr 2019) Results and feedback will be provided to students within 14 days of the due date.

Weighting

20%

Minimum mark or grade

In order to pass this assessment task, you must obtain a minimum mark of 50%. You must also pass this assessment task in order to pass the unit.

Assessment Criteria

A marking rubric which details the specific criteria for this assessment task will be provided to you through the SPCH14003 Moodle page. These criteria will be based upon your ability to:

- clearly and succinctly identify and write 4 key areas for improvement or future learning;
- write clear rationales for each objective;
- demonstrate your reflective and reasoning skills;
- apply an evidence-based practice approach;
- identify a range of appropriate and specific strategies and methods that will help you to achieve your goals;
- describe how you will determine and evaluate the achievement of your objectives;
- use appropriate conventions, including spelling, syntax, and punctuation, and present your written document in a professional manner;
- use APA referencing accurately.

Referencing Style

• American Psychological Association 6th Edition (APA 6th edition)

Submission

Online

Submission Instructions

Learning plans must be submitted online via Moodle.

Learning Outcomes Assessed

• Provide evidence of competence across different range of practice areas as well as the four generic professional competencies and the seven Competency-based Occupational Standards (CBOS) as described by the Competency Assessment in Speech Pathology (COMPASS) tool

Graduate Attributes

- Communication
- Problem Solving
- Critical Thinking
- Information Literacy
- Team Work
- Information Technology Competence
- Cross Cultural Competence
- Ethical practice
- Social Innovation

2 Reflective Portfolio

Assessment Type

Reflective Practice Assignment

Task Description

At the end of term, you will present a portfolio containing a collection of items which effectively communicate the learning that took place whilst completing your sessional placements. This portfolio will comprise of evidence of the knowledge, skills and experience that you gained and/or demonstrated during these placements. This evidence should be in the form of a series of reflections which are supported by tangible evidence where possible (for example, de-identified reports, therapy plans and progress notes, resources that have been developed as part of a placement, learning plans and/or assessment feedback or results). Evidence items should also be clearly linked to one or more of the CBOS and/or generic professional competency units.

The overarching purpose of the reflective portfolio is to encourage professional development and reflective learning, thinking and reasoning. Reflective practice requires a conscious effort to think about events and to develop insights into them, and it is a skill that can be honed with practice. The reflective portfolio will therefore provide you with the opportunity to demonstrate how you can use your reflective skills to learn from your experiences.

Assessment Due Date

Review/Exam Week Wednesday (12 June 2019) 9:00 pm AEST

Reflective portfolios must be submitted via Moodle on Wednesday the 12th of June 2019, following the completion of all placements. In any case where a placement has been extended beyond Week 12 of the term, the due date for this assessment task may be negotiated with the Unit Coordinator.

Return Date to Students

Exam Week Friday (21 June 2019)

Reflective portfolios are to be returned to students within 14 days of their submission.

Weighting

80%

Minimum mark or grade

A minimum mark of 50% is required to pass this assessment task. You must also pass this assessment task in order to pass the unit.

Assessment Criteria

A marking rubric containing specific assessment criteria for this task will be made available on the unit Moodle site during term. These criteria will be based on your ability to:

- identify, reflect on and discuss your learning needs, experiences, skills, knowledge and competence in the range of practice areas you work in during your placements this term;
- reflect deeply upon your experiences and make clear links between these experiences and the relevant CBOS and/or generic professional competency units;
- use appropriate writing conventions, including accurate spelling, grammar, punctuation, cohesion, clarity, and organisation;
- present a portfolio that has a professional appearance, contains de-identified information, and accurate use of APA referencing.

Referencing Style

<u>American Psychological Association 6th Edition (APA 6th edition)</u>

Submission

Online

Submission Instructions

Portfolios must be submitted online via Moodle.

Learning Outcomes Assessed

 Develop reflective practice skills and demonstrate an understanding of their importance when working as a student clinician

Graduate Attributes

- Communication
- Problem Solving
- Critical Thinking
- Team Work
- Cross Cultural Competence
- Ethical practice

3 Sessional Placements

Assessment Type

Professional Practice Placement

Task Description

This term you will complete a range of sessional clinical placements across the term. These placements will provide you with the opportunity to develop your practical, clinical and professional skills across a range of practice areas, in a variety of settings and with different caseloads, in preparation for your final block placements in Term 2. The practice areas will include adult speech, adult voice, paediatric and adult fluency and multi-modal communication.

At the end of each placement you are expected to demonstrate competence that is approaching entry-level across each of the CBOS Units 1-4 and the four generic professional competency units. You must also complete and submit a record of your clinical experiences/hours, signed by your CE, at the completion of each placement.

Further information regarding the expectations when participating in clinical placements, such as dress code,

attendance requirements and mandatory checks (pre-clinical requirements) can be found in the Speech Pathology Clinical Education Handbook, an electronic copy of which will be made available through the SPCH14009 Moodle page. Note that all pre-clinical requirements, as mentioned in the Speech Pathology Clinical Education Handbook (and also stipulated on the online SONIA database), must be completed prior to commencing a placement and must remain current for the duration of the placement. Any student who fails to comply will risk not being permitted to commence their placement, which may therefore affect their ability to complete this assessment task. Further information and instructions regarding all mandatory checks (pre-clinical requirements) can be found on the SONIA database or obtained by contacting the Work-Integrated Learning (WIL) team via email: smas-clinicalplacements@cqu.edu.au.

Assessment Due Date

Review/Exam Week Friday (14 June 2019) 9:00 pm AEST

End dates will vary for each placement (for example, some are due to finish in the final week of term, whilst others may finish in Week 6). In the case of exceptional circumstances, the extension or early completion of a placement may be required and these details are to be negotiated between the CE, the CEC and, in some instances, the student. Within one week of the completion of each placement, students must provide their CE with all required documents for each placement, such as reports, progress notes and reflections. These documents are to be submitted directly to their CE, not via Moodle.

Return Date to Students

Exam Week Friday (21 June 2019)

Results will be made available to each student within fourteen days of the completion of all final placement assessments conducted by the CEs. This notification will occur via email and/or Moodle. There are no documents that are required to be returned to the students.

Weighting

Pass/Fail

Minimum mark or grade

By the end of each placement, students must demonstrate approaching entry-level competence in CBOS units 1-4 and the GPC units 1-4. If the student fails any one placement, they will not pass this assessment task.

Assessment Criteria

For each placement you attend, you will be assessed against specific elements included in each of the four generic professional competencies (GPCs), as well as the seven CBOS units described by Speech Pathology Australia. By the end of each placement, you are required to demonstrate competence that is approaching entry-level across the following competency units:

- Generic Professional Competency Unit 1: Reasoning
- Generic Professional Competency Unit 2: Communication
- Generic Professional Competency Unit 3: Learning
- Generic Professional Competency Unit 4: Professionalism
- CBOS Unit 1: Assessment
- CBOS Unit 2: Analysis and Interpretation
- CBOS Unit 3: Planning Evidence-Based Speech Pathology Practice
- CBOS Unit 4: Implementation of Speech Pathology Practice

Note that you will also be assessed against CBOS Units 5-7, however the pass criteria are not based on competence being demonstrated in these specific areas.

Further information regarding each of the competency units can be found in the COMPASS Assessment Resource Manual, available through COMPASS online: <u>https://compass.speechpathologyaustralia.org.au/compass/portal/portal.jsp</u>

Both the pass and failure criteria that apply to clinical placements, including descriptors of terms such as 'approaching entry-level', are described in detail in the Speech Pathology Clinical Education Handbook. Both CEs and students should familiarise themselves with these criteria, as they will form the basis of the determination as to whether a student has passed or failed this assessment task. As stated in the Clinical Education Handbook, the Clinical Education Coordinator will make the final decision regarding a student's results, based on all available evidence relating to the student's performance whilst completing each placement.

In order to pass this assessment task, students must pass each individual placement they complete as part of this unit.

Submission

Offline

Submission Instructions

Students must provide their CE with all required documents for each placement, such as reports, progress notes and reflections, within one week of the placement's completion. These documents are to be submitted directly to each students' CE, via a mode that has been negotiated between the student and CE, but not via Moodle.

Learning Outcomes Assessed

• Demonstrate competence across the majority of the seven Competency-based Occupational Standards (CBOS) and the four generic professional competency units, as described by the Competency Assessment in Speech Pathology (COMPASS®) assessment tool

Graduate Attributes

- Communication
- Problem Solving
- Critical Thinking
- Information Literacy
- Team Work
- Information Technology Competence
- Cross Cultural Competence
- Ethical practice
- Social Innovation

4 Record of WIL Hours and Experiences

Assessment Type

Portfolio

Task Description

Following the completion of all placements that occur as part of this unit, you must submit a record of your clinical experiences/hours, signed by your CE. The specific record form that is to be used, and the instructions for completion, will be provided to you by your Unit Coordinator at the beginning of the term.

It should be noted that Speech Pathology Australia (SPA) does not specify the number of clinical hours that students must complete during the course of any Australian university's Speech Pathology program. SPA instead places the focus on the minimum level of competence, skills and knowledge required for entry into the workforce as a qualified and competent speech pathologist (The Speech Pathology Association of Australia Limited, 2005). CQUniversity's approach is consistent with SPA's philosophy and therefore does not have a specific requirement regarding the minimum number of clinical hours each student must complete by the end of the Speech Pathology course. Submission of the record form for this unit is therefore a pass/fail assessment requirement. You should be aware however that you are also expected to track this data and keep copies for your own records, as evidence of clinical hours may be required if you are requested to provide evidence of clinical experience when applying for work as a speech pathologist overseas.

Assessment Due Date

Review/Exam Week Friday (14 June 2019) 9:00 pm AEST

Return Date to Students

There are no items to return for this assessment task.

Weighting Pass/Fail

Minimum mark or grade

This is a Must Pass assessment requirement. A completed and signed record form for each placement must be submitted via Moodle in order to pass this assessment task and the overall unit.

Assessment Criteria

In order to pass this assessment task, you must complete and submit a copy of the clinical hours/experiences record form provided to you by your Unit Coordinator, within one week of completing your placements. Each placement will require a separate form to be completed and signed by your individual Clinical Educators. Instructions for completion will be available on the record form that will be provided to you at the beginning of term.

Academic Integrity Statement

As a CQUniversity student you are expected to act honestly in all aspects of your academic work.

Any assessable work undertaken or submitted for review or assessment must be your own work. Assessable work is any type of work you do to meet the assessment requirements in the unit, including draft work submitted for review and feedback and final work to be assessed.

When you use the ideas, words or data of others in your assessment, you must thoroughly and clearly acknowledge the source of this information by using the correct referencing style for your unit. Using others' work without proper acknowledgement may be considered a form of intellectual dishonesty.

Participating honestly, respectfully, responsibly, and fairly in your university study ensures the CQUniversity qualification you earn will be valued as a true indication of your individual academic achievement and will continue to receive the respect and recognition it deserves.

As a student, you are responsible for reading and following CQUniversity's policies, including the **Student Academic Integrity Policy and Procedure**. This policy sets out CQUniversity's expectations of you to act with integrity, examples of academic integrity breaches to avoid, the processes used to address alleged breaches of academic integrity, and potential penalties.

What is a breach of academic integrity?

A breach of academic integrity includes but is not limited to plagiarism, self-plagiarism, collusion, cheating, contract cheating, and academic misconduct. The Student Academic Integrity Policy and Procedure defines what these terms mean and gives examples.

Why is academic integrity important?

A breach of academic integrity may result in one or more penalties, including suspension or even expulsion from the University. It can also have negative implications for student visas and future enrolment at CQUniversity or elsewhere. Students who engage in contract cheating also risk being blackmailed by contract cheating services.

Where can I get assistance?

For academic advice and guidance, the <u>Academic Learning Centre (ALC)</u> can support you in becoming confident in completing assessments with integrity and of high standard.

What can you do to act with integrity?

Seek Help If you are not sure about how to cite or reference in essays, reports etc, then seek help from your lecturer, the library or the Academic Learning Centre (ALC)

Produce Original Work Originality comes from your ability to read widely, think critically, and apply your gained knowledge to address a question or problem
