

SUST11001 *The Changing World and Sustainability*

Term 1 - 2024

Profile information current as at 13/05/2024 12:07 am

All details in this unit profile for SUST11001 have been officially approved by CQUniversity and represent a learning partnership between the University and you (our student). The information will not be changed unless absolutely necessary and any change will be clearly indicated by an approved correction included in the profile.

General Information

Overview

The world continues to change rapidly in ways that affect well-being, social and economic development and the natural environment. In this unit, you will explore the causes, patterns, trends and localised impacts of major global changes, including population growth, migration, urbanisation, globalisation, socio-economic inequality and environmental change. You will investigate linkages between these changes and sustainability and adapt your thinking to new contexts in a changing world.

Assessment Grading

This is a graded unit: your overall grade will be calculated from the marks or grades for each assessment task, based on the relative weightings shown in the table above. You must obtain an overall mark for the unit of at least 50%, or an overall grade of 'pass' in order to pass the unit. If any 'pass/fail' tasks are shown in the table above they must also be completed successfully ('pass' grade). You must also meet any minimum mark requirements specified for a particular assessment task, as detailed in the 'assessment task' section (note that in some instances, the minimum mark for a task may be greater than 50%). Consult the [University's Grades and Results Policy](#) for more details of interim results and final grades.

Previous Student Feedback

Feedback, Recommendations and Responses

Every unit is reviewed for enhancement each year. At the most recent review, the following staff and student feedback items were identified and recommendations were made.

Feedback from Staff feedback

Feedback

A staff post-5-year course review workshop has suggested enhancing the content and perspectives of First Nations Peoples in the unit.

Recommendation

The learning material will be updated to enrich the content and perspectives of First Nations Peoples.

Feedback from Student feedback and staff feedback

Feedback

The learning material should be applicable and valuable for the learning of various disciplines in the BA.

Recommendation

The learning material will be refreshed and updated to enhance multidisciplinary applicability.

Unit Learning Outcomes

On successful completion of this unit, you will be able to:

1. Describe the causes and impacts of major global changes
2. Collect, analyse, evaluate and present information on major global changes and their impacts
3. Discuss the linkages between the global changes and the goals of global sustainability
4. Debate issues around adopting a more sustainable approach to human practices.

Assessment Tasks

1 ONLINE DISCUSSION (assessment)

Assessment Type

Online discussion forum

Task Description

The assessment task requires students to actively participate in the online discussion on the Moodle site of the unit. Your participation should include the creation of at least 3 initial posts and 2 response posts over the term. Your initial posts should be substantial and add value to the discussion. Your response posts should be meaningful and continue the conversation initiated by the initial posts. Each initial post should be around 50-70 words in length, and each response post should be no less than 20 words.

For more information and support, please refer to the detailed instructions provided on the Moodle site of the unit.

Assessment Due Date

Posts should be created between week 1 and week 12. Any posts submitted after week 12 (11:30pm, Sunday) will not be assessed.

Return Date to Students

All posts will be evaluated by the end of the term.

Weighting

15%

Assessment Criteria

All posts will be reviewed by the end of the term and will be evaluated based on the following criteria:

- Quantity and timeliness of participation.
- Demonstration of knowledge and engagement with the topic.
- Contribution to the overall learning experience for the class.

Detailed assessment criteria can be found on the Moodle site of the unit.

2 Portfolio

Assessment Type

Portfolio

Task Description

The assessment task consists of two projects.

Project 1 requires students to select a Sustainable Development Goal (SDG) and write a reflective essay examining its impact or relevance to their field of study, industry, future profession, or other business they are involved in. The essay should be approximately 800 words in length and is due on Friday of Week 5.

For Project 2, students must choose one of the global changes discussed between weeks 5 and 11 and write a reflective essay critically exploring its effects on their community. This essay should also be approximately 800 words in length and is due on Friday of Week 10.

Detailed instructions and resources are available on the Moodle site of the unit.

Assessment Due Date

The two projects are due on Friday in week 5 and 10 respectively

Return Date to Students

The projects will be marked and returned within two weeks after the respective due dates.

Weighting

45%

Assessment Criteria

Your projects will be evaluated based on the following criteria, emphasizing personal connections to the matter of discussion::

- The quality of introducing and explaining the matter, including personal insights and experiences.
- The quality of the analysis and critical reflection on the matter, incorporating your own perspectives and insights.
- The level of critical reflection for self-improvement and future practice.

Detailed assessment criteria can be found on the Moodle site of the unit.

3 Term Paper

Assessment Type

Written Assessment

Task Description

The assessment task requires you to write a term research paper about a global change or aspects of global change.

Your paper can discuss any social, economic, or environmental change. Making a good choice independently is a crucial aspect of this assignment.

In the paper, you should demonstrate both understanding of the change and the ability to analyse and debate it. This includes

- Defining the change and discussing its significance
- Describing trends and patterns of the change
- Analysing causes/drivers of the change
- Discussing the impacts of the change
- Evaluating the impacts of the change on sustainability.

The length of the paper should be around 2,500 substantive words.
Detailed instructions and support are provided on the unit's Moodle site.

Assessment Due Date

Online submission

Return Date to Students

Exam Week Friday (14 June 2024)

Assessments will be marked and returned in two weeks after the due date or as soon as practicable

Weighting

40%

Assessment Criteria

Your term paper will be evaluated based on the following criteria:

- The depth of analysis conducted on the topic.
- The quality of analysis and discussion, including the application of knowledge, skills, attitudes and values.
- The presentation of evidence and data.
- The quality of written communication.

Detailed assessment criteria can be found on the unit's Moodle site.

Academic Integrity Statement

As a CQUniversity student you are expected to act honestly in all aspects of your academic work.

Any assessable work undertaken or submitted for review or assessment must be your own work. Assessable work is any type of work you do to meet the assessment requirements in the unit, including draft work submitted for review and feedback and final work to be assessed.

When you use the ideas, words or data of others in your assessment, you must thoroughly and clearly acknowledge the source of this information by using the correct referencing style for your unit. Using others' work without proper acknowledgement may be considered a form of intellectual dishonesty.

Participating honestly, respectfully, responsibly, and fairly in your university study ensures the CQUniversity qualification you earn will be valued as a true indication of your individual academic achievement and will continue to receive the respect and recognition it deserves.

As a student, you are responsible for reading and following CQUniversity's policies, including the [Student Academic Integrity Policy and Procedure](#). This policy sets out CQUniversity's expectations of you to act with integrity, examples of academic integrity breaches to avoid, the processes used to address alleged breaches of academic integrity, and potential penalties.

What is a breach of academic integrity?

A breach of academic integrity includes but is not limited to plagiarism, self-plagiarism, collusion, cheating, contract cheating, and academic misconduct. The Student Academic Integrity Policy and Procedure defines what these terms mean and gives examples.

Why is academic integrity important?

A breach of academic integrity may result in one or more penalties, including suspension or even expulsion from the University. It can also have negative implications for student visas and future enrolment at CQUniversity or elsewhere. Students who engage in contract cheating also risk being blackmailed by contract cheating services.

Where can I get assistance?

For academic advice and guidance, the [Academic Learning Centre \(ALC\)](#) can support you in becoming confident in completing assessments with integrity and of high standard.

What can you do to act with integrity?

Be Honest

If your assessment task is done by someone else, it would be dishonest of you to claim it as your own

Seek Help

If you are not sure about how to cite or reference in essays, reports etc, then seek help from your lecturer, the library or the Academic Learning Centre (ALC)

Produce Original Work

Originality comes from your ability to read widely, think critically, and apply your gained knowledge to address a question or problem
