Term 1 - 2020

Profile information current as at 30/04/2024 03:32 pm

All details in this unit profile for THTR12121 have been officially approved by CQUniversity and represent a learning partnership between the University and you (our student). The information will not be changed unless absolutely necessary and any change will be clearly indicated by an approved correction included in the profile.

General Information

Overview

As the first unit of the intermediate second year level in this series, you will continue the systematic progression of the ideas and expressive practicum in the realisation of theatre performance, by undertaking more complex activities according to your specialisation in either Music Theatre, Drama or Technical Theatre. If you are in the Music Theatre specialisation, you will concentrate on synthesising the three areas of acting, music and dance, in exercises designed to establish the basics of harnessing and focusing your expressive ability through self-awareness and examining the concept of 'choice'. If you are in the Drama specialisation, you will concentrate on synthesising the three areas of acting, voice and movement, in exercises designed to establish the basics of harnessing and focusing your expressive ability through self-awareness and examining the concept of 'choice'. If you are in the Technical Theatre specialisation you will explore stage lighting from the standpoint of aesthetics as well as the practical execution of the design concept.

Term Specific Information

This is a core unit in the Bachelor of Theatre degree. In this unit students will study practical work in the specialisations of drama, music theatre and technical theatre.

Assessment Tasks

1 Performance Assessment 1

Assessment Type

Practical Assessment

Task Description

Music theatre specialisation

You will be required to complete a practical assessment in singing consisting of the following:

Technical exam (closed assessment within the exam period)

- Technical scales and exercises as set for Level 3, to be sung from memory.
- One vocalise by Giuseppe Concone's *Book of Vocalises, Opus 9*- choosing between numbers 13-25. The vocalise must be sung from memory, with piano accompaniment.

Performance exam (public performance at the end of the term)

- The program should demonstrate a choice of 4 works covering the different genres available throughout the history of 20th and 21st century music theatre with a total performance time of no longer than 15 minutes.
- The program should show a variety of styles and tempos and be sung entirely from memory.
- The program must include one song by Stephen Sondheim.
- The program must contain a 'combined discipline' piece. The combined discipline piece must be a song in which the student demonstrates the ability to use correct vocal technique whilst moving and to make effective change from speech to vocal qualities.
- The program is to be chosen in consultation with your Lecturer to ensure an appropriate level of difficulty is attempted.
- Program notes for the recital program must be submitted at the time of the vocal exam. They should be a minimum of 200 words for each piece of music that you are performing in your recital program. You do not need to do program notes for your Technical exam.

Drama specialisation

Performance exam (public or closed performance at the end of the term)

- You will be required to present a drama performance of material chosen in consultation with the drama lecturer.

Academic Integrity Statement

As a CQUniversity student you are expected to act honestly in all aspects of your academic work.

Any assessable work undertaken or submitted for review or assessment must be your own work. Assessable work is any type of work you do to meet the assessment requirements in the unit, including draft work submitted for review and feedback and final work to be assessed.

When you use the ideas, words or data of others in your assessment, you must thoroughly and clearly acknowledge the source of this information by using the correct referencing style for your unit. Using others' work without proper acknowledgement may be considered a form of intellectual dishonesty.

Participating honestly, respectfully, responsibly, and fairly in your university study ensures the CQUniversity qualification you earn will be valued as a true indication of your individual academic achievement and will continue to receive the respect and recognition it deserves.

As a student, you are responsible for reading and following CQUniversity's policies, including the [Student Academic Integrity Policy and Procedure](#). This policy sets out CQUniversity's expectations of you to act with integrity, examples of academic integrity breaches to avoid, the processes used to address alleged breaches of academic integrity, and potential penalties.

What is a breach of academic integrity?

A breach of academic integrity includes but is not limited to plagiarism, self-plagiarism, collusion, cheating, contract cheating, and academic misconduct. The Student Academic Integrity Policy and Procedure defines what these terms mean and gives examples.

Why is academic integrity important?

A breach of academic integrity may result in one or more penalties, including suspension or even expulsion from the University. It can also have negative implications for student visas and future enrolment at CQUniversity or elsewhere. Students who engage in contract cheating also risk being blackmailed by contract cheating services.

Where can I get assistance?

For academic advice and guidance, the [Academic Learning Centre \(ALC\)](#) can support you in becoming confident in completing assessments with integrity and of high standard.

What can you do to act with integrity?

Be Honest

If your assessment task is done by someone else, it would be dishonest of you to claim it as your own

Seek Help

If you are not sure about how to cite or reference in essays, reports etc, then seek help from your lecturer, the library or the Academic Learning Centre (ALC)

Produce Original Work

Originality comes from your ability to read widely, think critically, and apply your gained knowledge to address a question or problem
