HOW TO USE THIS GUIDE

This guide is designed to be used in conjunction with our website which contains up-to-date and detailed information.

We highly recommend that you refer to the CQU Terminology and Program Listing Guide, and for a quick overview of our program offerings, refer to the Program Summary section.
VICE-CHANCELLOR’S WELCOME

WELCOME TO CQUNIVERSITY AUSTRALIA! THANKS FOR TAKING THE TIME TO EXPLORE THE MANY OPTIONS AVAILABLE TO YOU AT A UNIVERSITY THAT IS QUICKLY EMERGING AS ONE OF AUSTRALIA’S GREAT UNIVERSITIES.

CQUniversity is a university like no other. We are one of Australia’s most engaged and most comprehensive universities, offering hundreds of programs and courses across many study areas. From short courses to research higher degrees – CQUniversity truly enables anyone to be what they want to be.

For many years CQUniversity has also been Australia’s most accessible and inclusive university and this is something we pride ourselves on. We are home to a diverse student cohort from many backgrounds including school leavers, international students, Indigenous students, students studying by distance education in remote locations, and mums and dads balancing study, work and family commitments – a mix that makes this university unique, vibrant and in touch with the real world.

For almost two decades, CQUniversity has been the first choice for international students wanting to study in Australia. The reason for this is that we are the only Australian university that offers international students the opportunity to study in one of Australia’s bright and vibrant capital cities of Adelaide, Brisbane, Melbourne or Sydney, or to experience regional Australian life in Central Queensland. The abundance of choice is one of the reasons we have been awarded five stars by QS Stars™ in three categories including Inclusiveness, Internationalisation and Online/Distance Learning in 2015.

Along with choice, CQUniversity is also dedicated to offering international students opportunity, which is why we have incorporated internship opportunities into some selected programs. This allows our students to gain practical work experience and establish professional networks before graduation.

As well as work integrated learning opportunities, CQUniversity is also heavily focused on social innovation and embedding this into our curriculum. Social innovation is a global concept and we want all of our students to be able to engage with communities and innovate to give back. In fact we are among only a few Australian universities to be placing such a strong focus on this concept.

The time has never been better to explore your study or training options with such a broad range of programs and courses to choose from at CQUniversity. I have no doubt that you will find a program or course that will suit your needs and set you up for a satisfying, exciting and rewarding career.

We look forward to welcoming you to Australia and CQUniversity in 2016!

Professor Scott Bowman
Vice-Chancellor and President
CQUniversity Australia
WHY CQUNIVERSITY

A CQUNIVERSITY AUSTRALIA EDUCATION WILL INSPIRE YOU TO BE WHAT YOU WANT TO BE. OUR GRADUATES ARE MAKING AN IMPACT ALL OVER THE WORLD AND NOW IS THE TIME FOR YOU TO EMBARK ON YOUR OWN LEARNING JOURNEY AND SUCCESS STORY.

COMPREHENSIVE OFFERINGS

CQUniversity is one of Australia’s few dual sector universities. This strengthens our capacity to provide you with additional study options and seamless pathways from vocational courses through to degree-level programs. This also provides you with added flexibility to choose from many study areas across the arts, business, education, engineering, health, information technology and science disciplines.

INTERNATIONAL OUTLOOK

We have been rated five stars in the Internationalisation category (QS Stars™ 2015) for our global outlook in everything that we do from international partnerships, program delivery with an international context, culturally diverse student population to a large offering of global mobility opportunities. We pride ourselves on maintaining the quality of education that is valued and recognised by industry and professional associations in Australia and overseas.

At CQUniversity, you can expect to study in a vibrant and multicultural environment alongside local Australians and international students deriving from 115 countries and counting from around the world. This will help you develop lifelong friendships and networks so you can become well-rounded global citizens.

BROADEN YOUR STUDY EXPERIENCE

We are a truly national university with multiple campuses and study centres uniquely located across Australia. You can choose from cosmopolitan cities considered as some of the most liveable and best student cities in the world, or dynamic regional hubs within close proximity to World Heritage sites. As many programs are delivered in more than one campus, you can maximise your Australian study experience by studying in more than one location – a highly popular option with study tours and CQUGlobal Inbound mobility participants.

TEACHING EXCELLENCE

The Australian government has recognised our teaching staff as some of the best in the nation for their dedication to teaching excellence and contributions to student learning. You will learn from teachers who are actively involved with industry and impart their acquired knowledge from their professional experience and research expertise. We also aim to maintain a high teacher to student ratio, reasonably sized classes, and industry-relevant curriculum to drive your academic success.

AFFORDABLE AND ACCESSIBLE

Our five stars rating in the Inclusiveness category (QS Stars™ 2015) is a true testament to our efforts in embracing students from all horizons and ensuring that education is accessible to many who would not otherwise have the opportunity. We offer highly affordable tuition fees and the ‘grandfathering’ of fees to safeguard you from fee increases in your subsequent years of study. We also offer a diverse range of scholarships and extensive support services, strategically placed to help you maximise your full potential and build on your educational aspirations.

ENGAGED AND INNOVATIVE LEARNING

Amongst those that participate in the QS Stars™ global rating system, CQUniversity is one of only four universities in the world, and the only Australian university to be rated five stars in the Online/Distance Learning category in 2015. This acknowledges our outstanding commitment to student engagement and interaction, and the provision of innovative online technologies.
I chose to study my MBA at CQUniversity simply because I believed that the program was as good and of high standard as any other university in Australia. I believe CQUniversity has prepared me well for the real world as I am able to combine both practice and theory to resolve issues by looking at things from many different perspectives. I am confident that I will be able to realise my dreams of climbing up the corporate ladder back in my home country when I return after completing my studies here at CQUniversity.

THOMAS OPA CONLiffe, PAPUA NEW GUINEA
Master of Business Administration (MBA)
CQUniversity International Student Ambassador
OUR LOCATIONS

WITH PROGRAMS OFFERED AT MULTIPLE LOCATIONS ACROSS AUSTRALIA, CHOOSE TO STUDY AT ONE OR MORE CAMPUSES TO ENHANCE YOUR STUDY EXPERIENCE.

CQUNIVERSITY BRISBANE

Brisbane is a vibrant city with a relaxed outdoor lifestyle encompassing 115 days of sunshine a year. Our modern Brisbane campus is centrally located next to the Ann Street Shopping precinct, City Hall, Central Station and walking distance to the State Library, Botanic Gardens and Southbank Parklands. The campus has modern computer laboratories, recreational areas and a dedicated student services floor. It is also a delivery site for CQUEnglish, which runs general and academic English programs from elementary to advanced levels.

CQUNIVERSITY BUNDABERG

Bundaberg is located in the agricultural belt of Queensland, making it an ideal campus to study agribusiness and horticulture. It is the only campus which offers programs in aviation. We have world-leading experts delivering programs from bachelor to masters levels. The campus is situated on large grounds with clinical nursing and scientific laboratories, multimedia and sound studios, and boasts interactive electronically transmitted lectures to integrate with other campuses.

CQUNIVERSITY GLADSTONE CITY AND GLADSTONE MARINA

The Gladstone area is a region of diversity – tourism, community and industry co-exist in harmony, retaining an agreeable lifestyle and environment balance. We have two campuses in Gladstone. The picturesque Gladstone Marina campus is located next to the harbour and houses the University’s Engineering and Environment Management Complex dedicated to engineering research and training. The campus environment provides a unique platform for learning and research, with modern buildings and spacious grounds.

CQUNIVERSITY ADELAIDE

Adelaide is a culturally rich city known for its festivals, food, wine and café culture set in a landscape of historical architecture, parklands, and long coastline. CQUniversity Adelaide is home to the Appleton Institute – a multidisciplinary research hub for a range of research areas including sleep study and rail safety. The campus features a state-of-the-art sleep laboratory and an interactive rail simulator. Students undertaking the Doctor of Philosophy – Sciences, Engineering and Health program have the opportunity to study and undertake research alongside industry experts.

All CQUniversity campuses include standard facilities and amenities such as teaching spaces, libraries, computer laboratories, wireless Internet access and student common and recreation spaces.
CQUniversity has a new multi-million dollar campus in Townsville, featuring brand new paramedic science clinics and computer laboratories. The University is also planning campus registration for Cairns.

CQUniversity Mackay City and Mackay Ooralea

Mackay is a relaxed tropical city with near perfect weather all year round. Take free tours of the historic city and botanic gardens, ride a bike on the award-winning Bluewater Trail, or swim in the Blue Lagoon leisure park. Our resort-style Mackay Ooralea campus offers modern facilities for nursing, engineering and the trades, and the internationally-regarded Central Queensland Conservatorium of Music. Adjacent to the campus is a new health precinct where our allied health students work alongside medical professionals. Two multi-million dollar infrastructure projects are being planned involving educational engineering and health related facilities.

CQUniversity Rockhampton City and Rockhampton North

Rockhampton is located in a cattle farming region, and is within close proximity to the Great Barrier Reef, Keppel Island and Queensland’s best beaches. CQUniversity Rockhampton is the University’s largest campus and is a delivery site for CQUEnglish. The campus is set on acres of parkland with over 30 academic buildings, sporting facilities, a student residence, multi-faith centre and many other facilities. There is also the recently refurbished on-campus library, new paramedic sciences laboratories, Coronary Care Skills Centre and the new Allied Health Clinic to enhance student learning.

CQUniversity Noosa

Noosa is a coastal community well known internationally for its surfing, beaches, pristine rivers and national parks. It is situated on the edge of a UNESCO Biosphere Reserve and close to the World Heritage site of Fraser Island, making CQUniversity Noosa an excellent place to study conservation and the environment. The campus also offers programs in nursing, allied health and education and is supported by clinical nursing laboratories, collaborative learning spaces and is home to the Learning and Teaching Education Research Centre (LTERC).

CQUniversity Sydney

Sydney is an exciting fast-paced city and is the business and finance engine of Australia, and home to the iconic Sydney Opera House, Darling Harbour Bridge and Bondi Beach. The city offers plenty of cultural, social and outdoor activities including bushwalk and skiing nearby. CQUniversity Sydney is the University’s largest metropolitan campus and is located near the main Town Hall Train Station. The campus offers the largest selection of programs for international students and encompasses CQUEnglish, a multi-purpose student recreation area, extensive library, computer facilities, videoconferencing rooms, and modern chiropractic laboratories.

CQUniversity Melbourne

Consistently voted as the world’s most liveable city and best student cities, Melbourne is also known as the fashion, cultural, sporting and social innovation capital of Australia. The Melbourne campus is a newly refurbished multi-million dollar premise located opposite the city’s main public transport hub. It is a delivery site for CQUEnglish programs, and has a strong focus on social innovation and sustainability issues. A range of complimentary workshops including Microsoft Office training and academic support. The Campus Life Committee has a variety of social and cultural activities for its diverse student cohort of over 50 nationalities.
A UNIVERSITY THAT GIVES BACK

CQUniversity is committed to social responsibility and strive to integrate this into everything that we do to make the world a better place. We are giving back to communities in Australia and abroad through partnerships, overseas student placements, sponsorships, fundraising, volunteering projects, sustainable practices and research activities.

CQUniversity has been supporting the Salaam Baalak Trust, which runs orphanages in New Delhi for street children and has a training program for these children to become tour guides in New Delhi. This partnership also creates volunteering opportunities for our nursing students to work there to gain practical experience.

Similarly, our nursing and education students have assisted with teaching in Cambodia, our nursing students have undertaken clinical placements in Nepal, and interdisciplinary student teams have worked together within communities in the Philippines.

Our students benefit by gaining practical experience in applying their knowledge and skills, and deepening their understanding of working in different cultural and social environments. This will in turn prepare them to work in an increasingly multicultural world.
SOCIAL INNOVATION

CQU University is committed to social innovation education, which gives our students the tools to create solutions to social problems that are effective, efficient and sustainable and provides value to society as a whole, rather than to private individuals.

We are embedding social innovation into our curriculum and co-curricular activities. Through curriculum we aim to teach our students about the principles of social innovation, incorporating basics like design thinking from a basis of empathy, and the importance of transdisciplinary approaches to finding solutions to systemic problems. In 2016, we will be offering postgraduate study in social innovation and introducing elements of social innovation throughout our programs.

In July 2015, we successfully implemented a unique social innovation initiative – the Gladstone Region Social Innovation Incubator (GRSII). This initiative brought students, community, business and industry together to work in teams to develop sustainable and socially innovative projects for the fast growing region of Gladstone, Queensland. It provided an opportunity for students from all disciplines to learn to work collaboratively and develop employability skills such as teamwork, design-thinking strategies, communication, initiative and self management.

By studying at a university that aspires to become a social innovation hub, you have the opportunity to learn in a supportive environment where talent for social enterprise is nurtured and developed. You will gain invaluable interdisciplinary, entrepreneurial and problem-solving skills that will prepare you for success in a dynamic and changing world.
CAREER PREPARATION

A STAGGERING 95 PERCENT OF EMPLOYERS SAID EXPERIENCE IS A MAJOR FACTOR IN HIRING DECISIONS (NATIONAL ASSOCIATION OF COLLEGES AND EMPLOYERS ANNUAL SURVEY).

In an increasingly competitive global environment, CQUniversity is committed to ensuring that you have the skills, competence and connections needed to build a successful career. Many of our programs are accredited by professional bodies in Australia and overseas, and developed in consultation with industry to ensure that you gain up-to-date and relevant knowledge to prepare you for a seamless entry into the workforce.

We also implement interdisciplinary learning, simulated real-world activities, internships and placement opportunities into our programs to ensure that our students graduate career ready. Some examples can be found below.

INTERNSHIPS AND PLACEMENTS

Internships

In 2015, to meet the increasing demands of employers for work-ready graduates, we introduced internships to a selected number of programs with plans to include more programs. Currently, a 10-week internship opportunity is available for students studying the following postgraduate programs:

» Master of Business Administration
» Master of Marketing
» Master of Human Resource Management
» Master of International Business
» Master of Management for Engineers
» Master of Information Technology
» Master of Information Systems.

The internship is sourced by CQUniversity and our partner, Australian Internships — a market leader in career development programs for international candidates.

Key Benefits

» Gain a competitive edge over your peers in the global job market with international work experience that is highly sought after by potential employers.
» Build confidence in attending interviews and increase your chance of employment upon graduation.
» Grow networks in your field of study that will potentially open doors for you in the future.
» Opportunity to apply your academic knowledge into a workplace setting.
» Undertake your internship at no additional cost and with no concurrent study so you can fully maximise your experience.
» Complete your degree within the program duration as the internship is embedded within this timeframe.
» Develop an understanding of Australian work practices and culture.
» Benefit from a dedicated Internship Program Supervisor (IPS) who will monitor, train, guide and support you throughout your internship period.

For more information on internships and eligibility requirements, visit www.cqu.edu.au/internships.

‘I felt that I really needed more training and new experiences in my life so I started to look for a university in Australia that delivers high-quality education at an affordable price. I found CQUniversity to be the place that I wanted to be at. In addition, my program offers an internship which will provide me with the opportunity to work in an organisation in my area of study. It will also allow me to gain an understanding of the job market and work practices in Australia.’

MARCELA MERIZALDE, COLOMBIA
Master of Information Technology
CQUniversity International Student Ambassador
Clinical Placements
Our podiatry students undertake clinical placements which will prepare them for advanced clinical practice in the profession of podiatry. This generally takes place between terms with external providers which the University has strong industry links with.

Practicum and Work Placements
We offer a range of postgraduate programs in the areas of education, engineering, health and safety science with practicum components embedded. For example, our education students undertake work placements within schools which the University has close and continuing relationships with. Students studying in areas of safety science will complete authentic learning tasks in the state-of-the-art, purpose-built Forensic Accident Investigation Crash Lab – one of the only kind in Australia.

CQUNI CAREERS
CQUni Careers offers career support services to prospective and current students as well as graduates in achieving their career development profession aspirations through career education, guidance and information. The team is dedicated to helping you build your employability and job search skills as you prepare to be career ready in your chosen field. Current students are also able to access the online portal, CareerHub, to search for casual or part-time job vacancies.

CQUNIVERSITY CAREER CONNECTION
CQUniversity Career Connection is our new careers mentoring program that connects our alumni to current students to provide them with career preparation, and to promote their confidence and success. Students will be able to access a database of potential mentors, communicate with them via phone or email, and gain career advice. The free mentoring program will enable our students to benefit from the skills and knowledge of our successful alumni.

For more information on CQUni Careers, visit www.cqu.edu.au/careers.
STUDYING AT CQUniversity

STUDY MODES
CQUniversity offers programs that can be studied in a number of modes including on-campus or by distance education. You can also undertake a blend of the two study modes provided you meet specific requirements as detailed below.

On-campus
If you are in Australia on a student visa you must study full-time on-campus. Whilst in Australia, you are able to undertake some courses within your program by distance education/online provided it is no more than 25 percent of your entire program; approved by the University; and not entirely by distance education/online in a compulsory term.

Distance Education
Distance education programs are only available to international students who do not live in Australia. If you wish to study by distance education, please note that you can study part-time or full-time; and may be required to attend a residential school in Australia for a short period of time to fulfil the requirements of the program. Please refer to the distance education section of this guide.

TEACHING METHODS
Whether you study on-campus or by distance education/online, there will be avenues for engagement with lecturers, tutors and fellow students to enrich your learning experience.

Our small class sizes ensure that you will have more one-on-one interaction with your lecturers and tutors who will monitor your academic progress. Assessments include written and practical tests, online quizzes, participation in group discussions and final examinations at the end of each term. Some courses may involve supervised off-campus work placements which form a large part of the course content and assessment.

FULL OR PART-TIME STUDY
A standard full-time study load consists of four courses per term, with a part-time study load consisting of one or two courses per term. Part-time study is only available to international students who do not live in Australia.

THREE TERM SYSTEM
CQUniversity offers three terms per year – beginning of the year (Term 1), mid-year (Term 2) or towards the end of the year (Term 3). This enables some programs to offer three intakes per year, providing the flexibility to start your study at a time more convenient to you, or to fast-track your study to get into the workforce sooner.

GLOBAL OPPORTUNITIES
CQUGlobal Inbound programs
If you are studying at an overseas institution, you can study part of your award with us for a few weeks, one term or a full academic year and transfer study credits back to your home institution. This is a perfect opportunity to experience our range of exciting programs and vibrant campus locations, and what Australia has to offer. For details of the different short-term, exchange and study abroad options available, visit www.cqu.edu.au/cquglobal-inbound.

CQUGlobal Outbound programs
As a CQUniversity student, you can study for a term or academic year at one of our partner institutions whilst remaining enrolled with us. In most cases, you can combine study and travel without extending your program duration, and gain credit for the courses studied abroad. This can be a life-changing experience that develops your intercultural awareness, communication skills, and competitive edge in the global job market. For more information, visit www.cqu.edu.au/cquglobal-outbound.

‘The laid back and friendly people here have made my stay in Australia even more enjoyable which has also been academically rewarding. The courses I studied here were very interesting and the teachers did all they could to ensure the success of their students.’

MAXENCE FIEVET, FRANCE
CQUGlobal Inbound Student from Université Paris Ouest
Studied Environmental Economics, Corporate Governance and Ethics, Introductory and Contract Law and Outdoor Pursuits
STUDENT SUPPORT

CQUniversity offers a range of support services available to help you reach your academic goals, enjoy your time at university and assist you to grow professionally and personally.

ACADEMIC LEARNING CENTRE

The Academic Learning Centre (ALC) is CQUniversity’s ‘one-stop-shop’ for information, support, advice and resources related to many of the study requirements in academic writing, mathematics, science and computing. For more information visit www.cqu.edu.au/alc.

WELFARE SUPPORT

Our welfare support teams across our campuses aim to create a friendly, supportive and understanding environment for our students. Services include:

- airport pickup
- accommodation assistance
- enrolment and orientation for new students (on-campus and online)
- student equity service
- Overseas Student Health Cover (OSHC)
- grievance resolution
- student mentor and leadership programs
- confidential counselling and referral to specialist services
- student advocacy (Student Association)
- care arrangements for students under the age of 18.

STUDENT EXPERIENCE

We also encourage you to advantage of the numerous opportunities provided through our personal development, volunteering, mentoring, networking, social events and cultural activities both on and off campus.

LIBRARY SERVICES

Each campus library has an up-to-date book collection closely aligned to courses taught on-campus and offers access to computers, printers and multimedia equipment. You will also have 24-hour access to a vast collection of online resources.

For more information visit www.cqu.edu.au/library.

MULTI-FAITH AND DISABILITY SERVICES

Our multi-faith chaplaincy centre at CQUniversity’s Rockhampton North campus is an inclusive and welcoming space for all students and staff regardless of their beliefs. There are also prayer rooms and quiet rooms across our other locations. Our service also extends to students with a disability or health condition that may affect their participation on and off-campus.

For more information on support services visit www.cqu.edu.au/internationalsupport.

‘My experience at CQUniversity has been positive and worthwhile. I have made friends from different countries, but most importantly, I have a group of friends whom I feel extremely close to. I really enjoy attending classes because the lecturers always encourage us to participate in class and also the study plan arranged by them is well organised.

DANIELA MANTILLA, COLOMBIA

Master of Professional Accounting
DISTANCE EDUCATION

Distance education refers to study undertaken off-campus or online, hence you are not required to attend regular classes on-campus. You will complete the same coursework and graduate with the same qualification as students who study on-campus. It provides the flexibility to study at your own pace at home, work or wherever you can access the Internet.

WHY CHOOSE DISTANCE EDUCATION AT CQUUNIVERSITY

Being one of Australia’s leading providers of distance education, we believe education transcends physical boundaries. With plans to further expand our distance education offerings, we are enthusiastically responding to a world that is increasingly dependent on information technology.

In addition to complete access to advanced online learning technologies and support from specialist teaching staff, you will also benefit in the following ways:

» a selection of programs in a wide range of fields spanning business, engineering, information technology, medical sciences and more to choose from
» flexible study load (no minimum courses per term)
» if your chosen program is professionally accredited, this will not be affected
» most programs are offered three terms per year so you can choose to start at a time that best suits you
» the majority of our distance education programs are available entirely by distance, which means you will not need a student visa and you can still continue with your current lifestyle and/or your work commitment in your home country
» you could save over AUD18 000* per year on living expenses.

*This is based on Department of Immigration and Border Protection (DIBP) financial requirements of AUD 18 610 per year for living expenses in which an international student must demonstrate that they are able to access.

SUPPORT FOR DISTANCE EDUCATION STUDENTS

We have put in place a network of experienced staff and support services that are available for use at any time from wherever you might be studying. Some of these support services include:

» electronic library
» study material provided in hard copy or online
» access to recorded lectures online and lecturers who guide and support you
» study groups and online discussion forums
» weekend or online orientation sessions.

RESIDENTIAL SCHOOLS

A number of our distance education programs require you to attend residential schools, which involve a period of time that you must spend on-campus in Australia to fulfil the program and course requirements.

For more information visit www.cqu.edu.au/handbook to look up the residential school requirements (if any) for your desired study program.

‘As a distance education student, I am able to access my tutorials and lectures online. This has provided me with more flexibility to fit my studies around other commitments while enjoying the same study materials and support that I had when I was studying the first part of my degree on-campus.’

THUY MINH THI PHAM, VIETNAM
Bachelor of Accounting

To see all our student’s stories visit www.cqu.edu.au/myjourney
ENGLISH LANGUAGE PATHWAY

Studying the relevant English language program at one of our CQUEnglish delivery sites will enable you to gain entry into various academic programs at CQUniversity. Alternatively, CQUniversity recognises a range of English qualifications obtained through one of our recognised English entry providers.

For a full list of providers visit www.cqu.edu.au/englishreq.

ENGLISH LANGUAGE PATHWAY

You can study one of our English language programs to meet the English language requirements for entry to our masters by coursework programs.

English for Academic Purposes (Direct Entry)

Year 1 of CQUniversity postgraduate coursework degree (IELTS 6.0 entry with no individual band score of less than 5.5)

EDUCATION ROADMAP

This road map shows the different qualification levels you can pursue. It is for indicative purposes only and does not take into account your personal circumstances or individual program requirements. Please contact us or visit our website for more information.

RECOGNITION OF PRIOR LEARNING (RPL)

If you have previously studied at another university or institution within the last ten years, or have professional experience, you may be eligible for recognition of prior learning (also known as advanced standing, credit exemption and credit transfer). Recognition of prior learning must be applied for at the time of applying for your program. Your qualifications and professional experience will be assessed on a case by case basis. Confirmation of approved credit transfer will be made when you receive an Offer of Admission.

‘I chose to study at CQUniversity because it had the degree I wanted to study and an English language centre that could help me improve my English and prepare me for the next step in my education. The English teachers are friendly and caring, and utilise an interactive style of learning. I also had access to unlimited books to borrow and computer labs so I can do research for my assignments.’

DICKY PAULUS LOEKMAN HAKIM, INDONESIA

English for Academic Purposes (Direct Entry) and Master of Information Technology
CQUENGLISH

CQUENGLISH is CQUniversity Australia’s English Language Centre, and has delivery sites on our campuses in Brisbane, Melbourne, Rockhampton North and Sydney. They are fully accredited by the National English Language Teaching Accreditation Scheme (NEAS) and are also active members of English Australia (EA) and University English Centres Australia (UECA).

CQUENGLISH offers excellent English programs ranging from elementary to advanced levels. No matter what your English requirements are, we have programs that will help you achieve your goals.

WHY STUDY WITH CQUENGLISH

» Study in one or more unique locations across Australia.
» Receive individual attention from qualified and experienced teachers.
» Learn in a friendly and relaxed atmosphere.
» Affordable, high quality programs with pathways into CQUniversity degrees.
» Develop academic preparation skills such as writing reports and public speaking.
» Make international friends with our high diversity of student nationalities.
» Study in modern teaching spaces and computer labs with wireless Internet access.
» Be part of the wider university student community as you study alongside university students.
» Immerse yourself in Australian culture and lifestyle through excursions, study tours and homestay.
» CQUENGLISH at CQUniversity Rockhampton North is also an IELTS testing centre, and one of the longest established English language schools in Australia.

STUDY TOURS

Study tours are short-term programs which combine English studies with sightseeing and educational excursions. Some popular excursions include snorkelling on the Great Barrier Reef or feeding native animals at Australian wildlife sanctuaries.

We can also customise study tours for professional groups, government ministries, senior high school and university students, or for specific subject areas such as English for Nursing.

For more information visit www.cqu.edu.au/ elcstudytours. Please note that study tour programs are not accredited or CRICOS registered programs, and are not available as a principal course for student visa holders.

‘My English has improved a lot since I arrived. The teachers always give me individual attention and they are really helping me prepare for academic studies. I’ve not only been studying English but also learning skills such as note taking, research and time management. I feel a lot more confident about moving on to my degree with better English skills.’

RITA YUNYANG HU, CHINA
English for Academic Purposes

POSTGRADUATE OPTIONS

BY PURSUING A POSTGRADUATE QUALIFICATION, YOU CAN GAIN COMPETITIVE ADVANTAGE, FURTHER YOUR CAREER OR TAKE IT IN A NEW DIRECTION.

GRADUATE CERTIFICATE
A graduate certificate provides specialised study in a specific subject area, with the opportunity to progress to a graduate diploma and/or masters upon completion. Many CQU University graduate certificate programs are designed as a pathway for those who have not studied a bachelor degree, but have relevant professional experience.

GRADUATE DIPLOMA
Graduate diplomas are designed for those who have already completed a bachelor degree or equivalent, or have significant professional or industry experience in a relevant area. Graduate diplomas enable you to develop skills in a specialised area, or equip you with the knowledge to undertake a new career direction.

MASTERS BY COURSEWORK
Masters by coursework programs comprise of a series of specialist courses designed to extend your professional understanding in a particular subject area, or provide you with the opportunity to move in a new professional direction.

MASTERS BY RESEARCH
A masters by research program will enable you to undertake original research in a particular area of interest under supervision and resulting in the submission of a thesis. You may be required to undertake coursework or research skills development studies before commencement as preparation for this type of program.

DOCTORAL DEGREES

DOCTOR OF PHILOSOPHY
Doctor of Philosophy (PhD) programs may be undertaken in any area in which supervisory expertise and appropriate infrastructure are available. The PhD is awarded on the basis of a thesis prepared under supervision that makes an original, significant and extensive contribution to knowledge and understanding in the relevant field of study, as judged by independent experts applying accepted contemporary international standards.

DOCTOR OF EDUCATION (EdD)
The Doctor of Education is a professionally based research higher degree available through the University as an alternative to the traditional research programs. It offers a rigorous program combining structured advanced research tasks and a thesis component.

DOCTOR OF PROFESSIONAL STUDIES
The Doctor of Professional Studies is an internationally recognised higher research degree designed to produce innovation in commercial, government, educational and other applied settings. Whereas the PhD, EdD and other ‘professional’ doctorates are single-discipline based, the CQU University Doctor of Professional Studies is explicitly trans disciplinary to reflect the way research is carried out in industry and government.

‘I chose to study the Masters of Professional Accounting as I have always had a passion for accounting and business. Travelling alone away from my home to a completely new place is a big decision but Australia is an amazing place. Studying at CQU University suited me due to the advanced academic curriculum and highly-qualified teaching staff. It also had affordable tuition fees and I was fortunate to receive a Vice-Chancellor’s Scholarship. So I believe this is the best environment to achieve my goals.’

SHOVA SITUALA, NEPAL
Master of Professional Accounting
CQU University International Student Ambassador
Vice Chancellor’s Scholarship Recipient
RESEARCH AT CQUniversity

RESEARCH IS ALL AROUND US. IT IS ABOUT KNOWLEDGE, AND KNOWLEDGE CHANGES LIVES.

CQUniversity engages with regional, national, and international research communities and industry partners to increase research activity and offer outstanding research qualifications for students. We also collaborate with industry, funding agencies, government, regional communities, and other higher education institutions.

Our focus has been to emphasise research that improves the lives of others, involving aspects of regional development, growth in resource industries, environmental management, issues associated with quality health care in rural and regional communities, and education delivery specifically through use of modern technology.

RESEARCH STRENGTHS

Our areas of research strength in the science, technology, engineering and mathematics disciplines include:

» animal and plant production systems (with specific emphasis on land management)
» applied mathematics
» environmental management
» human factors research
» marine biosecurity
» mechanical and electrical engineering
» nursing and allied health
» population health
» restoration ecology and rehabilitation (of marine, freshwater and terrestrial systems).

We also have a strong research focus in humanities, arts and social sciences including:

» applied economics
» creative and performing arts
» education research
» history
» psychology.

The Excellence in Research for Australia report 2012 ranked CQUniversity ‘well above world standard’ in Applied Mathematics, Agriculture and Land Management, and Other Medical and Health Science; and ‘at world standard’ in Nursing.

‘I was lucky to receive a research scholarship which has helped me to more fully concentrate on my study and research work. I chose to study at CQUniversity for the state-of-the-art research facilities. As an international student studying away from home, the staff and other students at CQUniversity have helped me feel very welcome and well supported throughout my time here.’

KHOKAN BEPARI, BANGLADESH
Doctor of Philosophy – Business and informatics
Tamanna Rahman has a background in Bachelor of Electrical Engineering in Bangladesh and always had an interest in computer and technology engineering. After graduating she went on to work for an independent game studio Rise Up Labs, but felt the industry lacked knowledge of user engagement regarding mobile phone game apps. She is now undertaking research through her Master of Communications studies at CQUniversity, to explore what influences the ‘flow experiences’ of mobile game players. She hopes the study will help the gaming industry understand what is more likely to be successful as the popularity of mobile apps increase.

**RESEARCH CENTRES AND INSTITUTES**

CQUniversity’s research centres and institutes provide focus, scale and an environment for our researchers to make national and international contributions to their research fields, while supporting the needs of the industry and the regions which the University operates.

**Appleton Institute**

A multidisciplinary research hub in Adelaide that combines excellence in research, teaching and community engagement across a range of scientific areas including safety science, sleep and biological rhythms, applied psychology, occupational health and safety, human factors, risk management, cultural anthropology and immigration.

**Centre for Intelligent and Networked Systems (CINS)**

CINS research focuses on the convergence of three major areas of computational intelligence, networks and pattern recognition to address issues involved with networked systems behaviour. The Centre’s researchers have an outstanding publication record, publishing in premier international research journals in the field, with outstanding citation rates.

**Centre for Railway Engineering (CRE)**

The Centre for Railway Engineering has an excellent international reputation and long-standing relationships with key national and international corporations including Arizona, Pacific National and Bradken. CRE engages in applied engineering research of benefit to railway industries in mechanical, civil and electrical engineering, as well as areas relating to safety and human factors. CQUniversity is only one of three universities to be invited as a member of the Australasian Centre for Rail Innovation.

**Centre for Tourism and Regional Growth (C-TARG)**

The new C-TARG is an applied and multidisciplinary research centre based in Cairns, Northern Queensland. The research will focus on the intersection between communities, business and industry, management or natural resources and cultural capital. As well as building long-term research capacity, it is anticipated the Centre will enhance the capacity for the region to offer economically and environmentally sustainable tourism experiences, tourism-related employment for a range of communities.

**Institute for Future Farming Systems**

The Institute builds on CQUniversity’s strong agricultural research base and has strategic partnerships with the Queensland Department of Agriculture, Fisheries and Forestry and peak industry bodies. Researchers have the opportunity to work closely with primary producers in the subtropical regions including Bundaberg (Australia’s largest vegetable producing region) and Rockhampton (Australia’s beef capital). Key research areas include sugar cane, cropping, horticulture, beef cattle and poultry.

**TAMANNA EXPLORES THE ‘FLOW EXPERIENCE’**

Tamanna Rahman has a background in Bachelor of Electrical Engineering in Bangladesh and always had an interest in computer and technology engineering. After graduating she went on to work for an independent game studio Rise Up Labs, but felt the industry lacked knowledge of user engagement regarding mobile phone game apps. She is now undertaking research through her Master of Communications studies at CQUniversity, to explore what influences the ‘flow experiences’ of mobile game players. She hopes the study will help the gaming industry understand what is more likely to be successful as the popularity of mobile apps increase.

**Queensland Centre for Domestic and Family Violence Research (CDFVR)**

CDFVR contributes to the prevention of domestic and family violence by informing, promoting and supporting the actions of individuals, communities, services and governments through research, professional development, education and community engagement. The Centre also has a particular focus on issues for Aboriginal and Torres Strait Islander people and rural and regional communities.

For more information on our research visit [www.cqu.edu.au/research](http://www.cqu.edu.au/research).
YOUR JOURNEY TO CQUNIVERSITY

1. **ENQUIRE**

Use this guide or visit [www.cqu.edu.au/international](http://www.cqu.edu.au/international) to find a program. If you have any questions we are here to help.

- Phone +61 3 8676 7028 (outside Australia) or 1800 998 205 (in Australia).

2. **APPLY**

Gather your certified supporting documentation (academic certificates and transcripts and evidence of English language proficiency such as English test scores). Ensure these are translated into English by a professional translator. Please do not send originals.

For more information on the application process or to apply, visit [www.cqu.edu.au/internationalapply](http://www.cqu.edu.au/internationalapply). Applying online is recommended as it is quick, simple and secure. Alternatively, you can apply through an agent in your country.

3. **ACCEPT**

If your application is successful, you (or your agent if you engaged one) will receive an Offer of Admission via email.

Read and check the details on your Letter of Offer and the International Student Contract.

To accept your offer, you must:

- ensure any conditions (if any) are met
- sign the International Student Contract and return this with payment of your tuition fees and evidence of Overseas Student Health Cover.

4. **ARRIVE**

Once we have received your signed International Student Contract and processed your payment, you (or your agent if you engaged one) will receive a Confirmation of Enrolment (COE) via email.

A COE is required for your application for a student visa. Apply for your student visa through the Department of Immigration and Border Protection (DIBP) or the local embassy in your home country. For more information visit [www.border.gov.au/Trav/Stud](http://www.border.gov.au/Trav/Stud).

It is recommended that you book your flights early and ensure you are in Australia for enrolment and orientation. For information on enrolment, orientation and finding accommodation, email our Student Services teams.

CQUUniversity Brisbane

CQUUniversity Melbourne
studentservices@mel.cqu.edu.au

CQUUniversity Sydney
studentservices@syd.cqu.edu.au

CQUUniversity Rockhampton North and other locations
internationalsupport@cqu.edu.au

5. **GRADUATE**

When you graduate, you will join our alumni network of more than 75,000 members located all around the world. Each year, we recognise distinguished alumni through various awards. We encourage you to stay connected after you graduate, and to take advantage of the many benefits available such as networking and personal development opportunities, free services and library membership and discounts.

Please note: The enquiry and application process for research programs differ from English language and postgraduate coursework programs. For more information visit [www.cqu.edu.au/research/how-to-apply](http://www.cqu.edu.au/research/how-to-apply).
LIVING IN AUSTRALIA

Australia is one of the safest and most stable places to live in the world, with our cities ranked as some of the most liveable due to the high level of education, safety, healthcare, infrastructure, culture and environment (Global Liveability Survey 2014).

COST OF LIVING

The cost of living varies depending on the location, accommodation type, lifestyle choice and if you have any dependents. It is generally cheaper to live in on-campus and shared accommodation than in a one bedroom or studio apartment. Below is a sample guide on living costs in each state to help you prepare a budget.

<table>
<thead>
<tr>

</tr>
</tbody>
</table>

Please note: This table should be viewed as a guide only and based on a single student in shared accommodation. It does not include tuition fees, study related costs such as textbooks and stationery, Overseas Student Health Cover or any luxuries.

Other fees to consider

You will also need to consider establishment costs such as bond payment, advance rent, furniture, and other household items. If you have a car, you will need to consider vehicle registration and maintenance costs. For more in-depth information, we recommend the following websites:

- Study Adelaide [www.studyadelaide.com](http://www.studyadelaide.com)
- Study Queensland [www.studyqueensland.qld.edu.au](http://www.studyqueensland.qld.edu.au)

PUBLIC TRANSPORT

Public transport may include travel by bus, train, tram or ferry depending on where you live. Many of CQUniversity campuses are conveniently located within close proximity to main transport hubs. Some states provide students with discounted public transport fares and utilise ticketing systems such as smartcards that provide an easier and cheaper way to travel.

New South Wales (NSW)

In NSW international students are not entitled to transport concessions. As an alternative there are international student tickets and fares. For more information visit [www.transportnsw.info/international-students](http://www.transportnsw.info/international-students).

Queensland (QLD)

In Queensland international students are eligible for student concession. You will have to apply for a concession card through the Department of Transport and Main Roads each year. The application forms are also available on-campus. For more information visit [www.tmr.qld.gov.au/Travel-and-transport/Public-transport](http://www.tmr.qld.gov.au/Travel-and-transport/Public-transport).

South Australia (SA)

Adelaide has introduced a metrocard which provides access to cheaper fares than purchasing individual paper tickets. For more information including access to concession fares, please contact Adelaide metro by visiting [www.adelaidemetro.com.au](http://www.adelaidemetro.com.au).

Victoria (VIC)

In 2015 a new Free Tram Zone in Melbourne CBD has been introduced and travellers on trams, buses and trains across Zone 1 and Zone 2 will now only pay a Zone 1 fare. If you are a frequent traveller, you can consider purchasing a Myki Pass for a consecutive period ranging from 7, 28 or up to 365 days for unlimited travel within your chosen travel zone. For more information visit [www.ptv.vic.gov.au/tickets/myki/](http://www.ptv.vic.gov.au/tickets/myki/).

VISA INFORMATION

To study in Australia you will need a student visa, and the type of student visa will depend on the study that you undertake. DIBP is responsible for providing advice and issuing visas on entry to Australia, and you may also contact your nearest Australian Embassy, Consulate-General, Consulate or High Commission.

For more information regarding visa application requirements and procedures, visit:

HEALTH COVER

DIBP requires all student visa holders to have Overseas Student Health Cover (OSHC) for the duration of their studies. CQUniversity has a preferred arrangement in place with Allianz Global Assistance — a recognised health insurance provider for international students in Australia.

The University requires that you pay for your OSHC when you pay for your tuition fees. This will ensure that you have health cover upon arrival in Australia. The cost of OSHC will depend on the type of cover you need. For more information visit www.oshcallianzassistance.com.au.

WORKING WHILE STUDYING

International students studying in Australia on a student visa are able to work part-time and do not need to apply for a work visa. Student visa holders are permitted to work up to 40 hours per fortnight during term, and unlimited hours during term breaks. For more information on work conditions for student visa holders visit www.border.gov.au/Trav/Stud/More/Work-conditions-for-Student-visa-holders.

CLIMATE

The climate in Australia varies widely. Below is a snapshot of the average minimum and maximum temperatures in some of the cities where our campuses are located.

<table>
<thead>
<tr>
<th>SEASONS</th>

Note: Bundaberg, Mackay and Noosa temperatures will be similar to Rockhampton due to their proximity to one another.
ACCOMMODATION OPTIONS

ON-CAMPUS ACCOMODATION

Living on campus provides a great environment to live and study in due to the ease and convenience. We have two on-campus student residences located at our CQUniversity Mackay and Rockhampton North campuses.

The Mackay Student Residence is located at CQUniversity Mackay and is surrounded by local flora, fauna and wildlife, providing a relaxing and beautiful environment. The Rockhampton Student Residence is located on the beautiful parkland grounds of CQUniversity Rockhampton North where a family of resident kangaroos are often found lazing around.

Key features:
» Make new friends from all around the world as you live and share kitchen, dining and student recreation facilities.
» Reduce time and travel costs as you walk to class and on-campus facilities.
» Save money as items such as meals (including kosher and halal), cleaning, Internet, and utility bills may be included.
» Increased safety with campus security, and individually keyed rooms.
» Access to academic support and social, community and cultural activities.
» Casual work opportunities within the ‘Earning While Learning’ program.
» On-site manager and 24-hour live in staff.
» Residential Life team provides ongoing pastoral care.

For more information on student residences including fees visit www.cqu.edu.au/accommodation.

OFF-CAMPUS ACCOMODATION

There are many off-campus rental accommodation options including a room in a shared apartment or house, or you may choose to live on your own in a studio apartment for example. Generally, shared accommodation is a cheaper option as the cost of rent and utility bills can be shared among the number of members in the household.

Key features:
» Utilities are usually not included as part of your rent.
» Rental properties can be furnished and if unfurnished, you will need to factor in costs such as furniture and appliances.
» You will be required to sign a lease for a period of three to six months or more and pay establishment costs such as a bond.

CQUniversity endorses urbanest – one of Australia’s largest student accommodation providers with a wide range of options at affordable rates. Perfect for the student lifestyle with close proximity to public transport, universities and social hubs. Weekly rent at urbanest includes electricity, water and wireless internet (15 GB per month). For more information visit www.urbanest.com.au. You can also look for rental properties through property websites such as www.realestate.com.au or www.domain.com.au.

HOMESTAY

If you are looking for a unique cultural experience then homestay accommodation is a great option as you live with an Australian family.
» Improve your English language skills as you gain practice conversing with your host family.
» Develop lifelong friendships with your host family.
» Live in a family-oriented environment, with your own fully-furnished room with basic needs and a space to study.

CQUniversity’s preferred homestay provider is Australian Homestay Network (AHN) who will facilitate the homestay arrangement and ensure that your experience is a welcoming, safe and enjoyable cultural experience. For more information visit the AHN website www.homestaynetwork.org.
As a CQUuniversity graduate, you automatically become a member of our alumni network, consisting of more than 75,000 members located all over the world.

We are very proud of our alumni and their career achievements are recognised through various international and CQUuniversity awards. Our alumni continue to benefit from networking and personal development opportunities, free access to services, memberships and discounts.

Many of our alumni also give back to CQUuniversity by mentoring our current students.

**ALUMNI SUCCESS STORIES**

**BADMAARAG SHAGDARSUREN, MONGOLIA**
Lawyer, Erdenes Tavan Tolgoi JSC
Master of Business Administration

My training and education in Australia certainly had a positive impact on my professional development and employer benefits. Considering the poor development of human resource management policy and regulations for mining and management in my country, I am certain that my improved knowledge and education assists in making better decisions and helps me to devise sound recommendations for the existing regulations.

I was recently promoted to a Board position where the primary function of my job is to research and to analyse corporate governance issues of company policy and provide supportive action in the implementation of laws. I also draft policies and regulations to improve the company management and corporate governance.

**TOMMY SHEN, CHINA**
Global HR Director, WanFeng Auto Holding Group
Master of Business Administration

I strongly believe that it is the manner of thinking cultivated during my studies at CQUuniversity that has helped me achieve in the field of human resources management over the last sixteen years. In all aspects of my career, I uphold the principle of ‘Think globally, Act locally’.

I have had the opportunity to work for several multinational companies such as China Sunenergy, Saint-Gobain, and Spirent Communications (Asia). My career highlights include being the first human resources manager in China working for TRW, and helping drive China Sunenergy from a local Chinese company to an international enterprise listed in NASDAQ with an annual revenue of 10 billion.

My commitment to the Australian China Alumni Association has led to my involvement with their cross cultural communication and mentorship, and was recognised in 2014 as a finalist in the Corporate Achievement category.

**ENGIN YARBA, TURKEY**
General Manager, Turkish Copper Industries
Master of Information Systems

After I completed my bachelor degree (in Mechanical Engineering) in Istanbul, I enrolled in CQUuniversity Sydney for my postgraduate studies. I completed a Graduate Diploma of Management, a Master of Business Administration and also a Master of Information Systems.

A little after my graduation (and a holiday) I started working as a Microsoft Consultant at Professional Advantage, Sydney. I worked there for four years. I then returned to my home country and worked as a Business Development Manager. I now work as the General Manager of an engineering company in Turkey.

**YESSICA BARRIA, VENEZUELA**
Graduate Programmer, PFD Food Services Pty Ltd
Master of Information Technology

I have always had a fascination with computers and technology. After completing my undergraduate studies (System Engineer) in Venezuela, I was looking for the next step in my professional career.

Programming is my passion and CQUuniversity offered me what I was looking for which is a Master of Information Technology with a focus on Software Design and Development.

After my studies I found a job within a month and am currently working as a Graduate Programmer. I plan to work towards becoming a Senior Programmer and help new generations within my field.
SCHOLARSHIPS AND FUNDING

CQUniversity offers a diverse range of scholarships to support international students in all study areas at postgraduate and research level of study. Scholarships are awarded to recognise strong academic performance and innovation as well as enable better access so that students can reach their full potential and build on their education aspiration.

CQUNIVERSITY

CQUNIVERSITY POSTGRADUATE RESEARCH AWARD (UPRA)

This scholarship is administered by our Office of Research with the aim of making research at CQUniversity more accessible. To be eligible, you must be enrolled as a full-time research higher degree candidate at CQUniversity and have not held or currently hold a postgraduate research scholarship.

AUSTRALIAN GOVERNMENT

AUSTRALIAN POSTGRADUATE AWARD (APA)

The APA is awarded to students of exceptional research potential undertaking a higher degree research in Australia. It is provided to assist with students' general living costs. For more information visit www.education.gov.au/australian-postgraduate-awards.

INTERNATIONAL POSTGRADUATE RESEARCH SCHOLARSHIP (IPRS)

The IPRS enables international students to undertake a postgraduate research qualification in Australia and gain experience with leading Australian researchers. For more information visit www.education.gov.au/international-postgraduate-research-scholarships.

AUSTRALIA AWARDS SCHOLARSHIPS (AAS)

AAS provide opportunities for people from developing countries to undertake full-time undergraduate or postgraduate study at participating Australian institutions. For more information visit the AAS section on the Department of Foreign Affairs and Trade website at www.dfat.gov.au.

ENDEAVOUR SCHOLARSHIPS AND FELLOWSHIPS

The Endeavour Scholarships and Fellowships are internationally competitive, merit-based scholarships aim to bring top students from Asia, the Pacific, the Middle East, Europe and the Americas to study at Australian institutions. International students from participating countries are eligible to apply for the following scholarships to undertake postgraduate study or research in any field at CQUniversity. For more information visit www.internationaleducation.gov.au.

OTHER ORGANISATIONS

STUDY AREA SPECIFIC SCHOLARSHIPS

A number of externally funded scholarships are also available to international students who are enrolled at CQUniversity regional campuses in specific study areas.

For more information on scholarships for international students and eligibility requirements visit www.cqu.edu.au/internationalscholarships. You may also visit the Hobsons scholarship search engine at www.hobsonscoursefinder.com.au/scholarship.

‘I am currently studying the Master of Management (Human Resources) at CQUniversity Brisbane. This program triggers my interest as I would like to learn more about managing people in the workplace. My experience at CQUniversity has been wonderful. The staff are very helpful, right from the time I arrived on campus. They support me not only academically, but personally as well. I was able to familiarise myself with the campus and Brisbane city quickly.’

ELI SUSIYANTI, INDONESIA

Master of Management (Human Resources)

Australia Awards Scholarship Recipient
ACADEMIC REQUIREMENTS

CQUniversity’s academic requirements for entry into postgraduate degrees for international students vary by discipline.

Some programs require previous study in a particular subject area. Relevant work experience may be considered in conjunction with higher education study for some postgraduate degrees.

The general academic requirements are summarised below.

COURSEWORK

GRADUATE CERTIFICATE AND GRADUATE DIPLOMA
To apply for entry into most graduate certificate and graduate diplomas you must have completed a bachelor’s degree with the equivalent to an Australian pass grade average in the final two terms, from a recognised Higher Education institution. Other entry pathways such as relevant work experience and/or a combination of qualifications may also be considered.

For more information visit www.cqu.edu.au/academicreq.

RESEARCH HIGHER DEGREES

MASTERS DEGREE BY RESEARCH
To apply for entry into a masters by research degree you must hold an honours degree or a bachelor’s degree at a high level of academic performance in a relevant discipline.

DOCTORAL DEGREE
To apply for entry into a doctoral degree you must hold a bachelor’s degree in a relevant discipline with first or second class honours; or a master’s degree with substantial element of research work.

For detailed requirements visit www.cqu.edu.au/research/how-to-apply.

‘MBA has always been my next step in my educational aspirations after completing a Bachelor of Business Administration and having worked in sales and marketing for almost a decade. I chose CQUniversity as it was recommended to me and studying here has enhanced my English language and research skills. I’ve had great lecturers with a high-quality teaching style, and accommodating administration staff.’

ANNA LOURDES LIGAN, PHILIPPINES
Master of Business Administration (MBA)
ENGLISH LANGUAGE REQUIREMENTS

AS LECTURES AND TUTORIALS ARE DELIVERED IN ENGLISH, YOU MUST BE PROFICIENT IN ENGLISH FOR ADMISSION TO CQU UNIVERSITY’S PROGRAMS. THERE ARE A NUMBER OF OPTIONS TO DEMONSTRATE YOUR ENGLISH LANGUAGE PROFICIENCY.

OPTION 1: ENGLISH TEST

CQU University recognises a number of English tests. The following table provides a guide to our minimum English language requirements or equivalent. You will be assessed individually, and other equivalent English preparation, or combinations of English preparation, will be considered. Some degrees require a higher score including degrees in engineering, education and health. For more information on variations to English language requirements refer to the program section of this guide or visit www.cqu.edu.au/englishreq.

Note: English test results are valid if no more than two years has lapsed between the final examination result date and the date of commencement of study.

<table>
<thead>
<tr>
<th>ENGLISH TEST OR OTHER ENGLISH PREPARATION</th>
<th>MINIMUM SCORE REQUIRED</th>
<th>POSTGRADUATE RESEARCH</th>
</tr>
</thead>
<tbody>
<tr>
<td>International English Language Testing System (IELTS Academic)</td>
<td>Postgraduate coursework or study abroad* 6.0 (with no individual band score of less than 5.5).</td>
<td>Postgraduate research 6.5 (with no individual band score of less than 6.0).</td>
</tr>
<tr>
<td>Test of English as a Foreign Language (TOEFL Internet-based)</td>

<tr>
<td>Cambridge English: Proficiency (CPE)</td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

*There are a number of programs that have variations to the standard English language requirements. Please refer to the University handbook at www.handbook.cqu.edu.au for details before applying for entry into a program.

OPTION 2: PREVIOUS STUDY AND OTHER QUALIFICATIONS

If you have successfully completed English studies, or study where the medium of instruction was in English at a university or post-secondary school, or have an academic qualification that meets the English language proficiency requirements, you may have met the minimum English language proficiency requirements.

For the full list, visit www.cqu.edu.au/englishreq.

OPTION 3: ENGLISH LANGUAGE STUDY

If you do not meet the minimum English language proficiency requirements, you can apply to study one of our English language programs. You may gain entry to the postgraduate degree upon successful completion of the required English language program.

For more information see the CQUEnglish section of this guide or visit www.cqu.edu.au/english.
The diagram below will help you better understand our program and course listings within this guide. Please note that only the core courses (compulsory courses) will be listed under each program. To see the full listing of the courses including electives you can undertake for each program, please refer to our student handbook at www.cqu.edu.au/handbook.

MASTER OF EXAMPLE

Program Code: CA10
Intakes: Term 1, Term 2, Term 3

The Master of Business Administration (MBA) provides an opportunity to gain differing perspectives and approaches to topical managerial challenges from staff and other students, enabling you to competently manage in the dynamic environments of today’s global business world.

**CAREER OPPORTUNITIES**

This program is designed to give you the knowledge, skills and confidence you need to be considered for senior management and executive positions. Alternatively, this program will also help you to succeed as an entrepreneur if creating your own market and business is your goal.

**PROFESSIONAL RECOGNITION**

International accreditation is being sought through the Association of MBAs (AMBA) which is the global standard for MBA programs. The CQU University School of Business and Law is currently a Candidate School for AMBA Accreditation.

**PROGRAM STRUCTURE**

You are required to complete a total of 16 courses including 14 foundation and core courses and two electives.

**Foundation Courses**

- Statistics for Managerial Decisions
- Effective Business Communications
- Critical Thinking and Managerial Decision-Making
- Business Ethics and Sustainability

**Core Courses**

- People and Organisations
- Economics for Managers
- Managerial Finance
- Accounting for Management Decision Making
- Advanced Marketing Management
- Operations Management
- Organisational Change Management
- Organisational Governance and Leadership
- Research in Business
- Strategic Business Management

**Electives**

You must complete two electives from any postgraduate courses provided prerequisites or corequisites have been satisfied. To qualify for an internship opportunity, you will need to undertake BUSN20017 Effective Business Communications as an elective to prepare you for working with the internship host.

**ENGLISH LANGUAGE REQUIREMENTS**

Minimum academic IELTS score of 6.5 with no individual band score of less than 6.0.

**Important notes**

- The four foundation courses should be completed in the first year of full time enrolment or part-time equivalent.
- You may be required to attend one or two residential schools throughout the program.
- Please visit our website or contact us for more information.

**GRADUATE CERTIFICATE IN SOCIAL INNOVATION**

- Program Code: CV88
- Intakes: Term 1
- Availability: Brisbane, Melbourne, Sydney, Distance
- Term Fee: 10,800
- Program Fee: 10,800
- CRICOS Program Code: 088195A

The Graduate Certificate in Social Innovation is designed for individuals working in any field or discipline who wants to develop their capacity for social entrepreneurship, social intrapreneurial impact and positive social change.

This new multi-disciplinary program focuses on the development of agility, design-thinking, storytelling, empathetic collaboration and intercultural sensitivity in a social context. You will gain knowledge in identifying intractable social issues, and develop plans and practices for social change in a sustainable and scaleable manner. Social innovation concepts may be applied by undertaking an enterprise project in a case study or by engaging in a work placement.

**CAREER OPPORTUNITIES**

This program focuses on building the professional capacity of managers and social entrepreneurs of the future, across the corporate, government and third (not-for-profit) sectors. You will learn to lead organisations creating social and environmental value, and their ability to operate in a changed cross-sector social landscape, where the dynamism of the market is also directed at social innovation.

**PROGRAM STRUCTURE**

You are required to complete a total of four courses.

» Contemporary Issues in Social Innovation
» Think Big
» Innovation and Sustainable Business Development
» Enterprise Project

**ENGLISH LANGUAGE REQUIREMENTS**

Standard entry requirements apply.

Please contact the University for more information.
EDUCATION AND HUMANITIES

CQUniversity’s postgraduate education and humanities programs are innovative and unique in their approach. They are designed for 21st century learning and are considered to be among the best education programs available in Queensland. If you are looking at widening your knowledge and skills and improving your employment prospects, CQUniversity can help you achieve your goals.

Our education programs have a focus on workplace integrated learning or professional practice learning. The practical component is integrated with the theory component, ensuring that your studies are relevant and provide you with a complete understanding of education. These programs have been developed in partnership with leading educational authorities, ensuring they are current and meet the needs of today’s education contexts. Often our academic staff are drawn from their roles as practicing teachers to lecture and tutor students, ensuring you have access to some of the most well-connected educators in the field.

Find the latest course and program details online at www.cqu.edu.au.

GRADUATE DIPLOMA OF LEARNING AND TEACHING (SECONDARY)

Program Code: CV09

Standard entry requirements apply.
CQUniversity’s health programs have been developed to meet the ever increasing needs of our communities both here in Australia and for the wider global audience. Our programs are constantly reviewed and updated in consultation with industry and other stakeholders to ensure that they are relevant and up-to-date. In fact, our suite of new offerings has been built as a direct response to industry needs by people with specialised industry experience. Another key feature in the large majority of CQUniversity’s health programs is work-integrated learning, or learning on the job. You are required to complete course undertakings in real-life workplaces, allowing you to put learning directly into practice. This hands-on project-based learning is a key reason as to why our graduates are in such high demand by employers.

Our academic staff are at the forefront of their respective fields, often still contributing to and working within industry. Lecturers have a strong teaching and learning ethos and are committed to delivering quality learning experiences.

Find the latest course and program details online at www.cqu.edu.au.

**GRADUATE CERTIFICATE IN ACCIDENT PHENOMENOLOGY**

Program Code: CC63

Intakes: Term 1, Term 2

Availability: Distance

Term Fee: 5400  Program Fee: 10800

The Graduate Certificate in Accident Phenomenology provides you with a comprehensive set of accident investigation and accident prevention skills and knowledge to be an advanced investigation practitioner.

**CAREER OPPORTUNITIES**

The increasing regulatory focus on safety and health, together with global business emphasis on achieving reduced costs and higher reliability, has created a demand for professionals in safety and accident investigation. Industries include mining, manufacturing, maritime, aviation, defence, transport and logistics, health, consultancy and also government departments and authorities such as the police force.

**PROGRAM STRUCTURE**

You are required to complete a total of two core courses.

» Safety and Accident Phenomenology

» Investigation Principles and Analysis

**ENGLISH LANGUAGE REQUIREMENTS**

Standard entry requirements apply.

**Important notes**

» Term fee indicated is based on a standard full-time study load.

» The Safety and Accident Phenomenology requires you to attend a compulsory residential school.

Please visit our website or contact us for more information.

---

**GRADUATE CERTIFICATE IN ADVANCED ACCIDENT INVESTIGATION PRACTICE**

Program Code: CC65

Intakes: Term 1, Term 2

Availability: Distance

Term Fee: 5400  Program Fee: 10800

As a graduate of the Bachelor of Accident Forensics or Graduate Diploma of Occupational Health and Safety, the Graduate Certificate in Advanced Accident Investigation Practice will provide you with the opportunity to further develop their accident investigation and prevention related knowledge, analysis and research skills in a way that will enable them to lead and manage specific complex safety and investigation environments.

**CAREER OPPORTUNITIES**

Graduates will enhance employment opportunities in the accident investigation and prevention field through acknowledgement of their specialist domain skills and knowledge.

**PROGRAM STRUCTURE**

You are required to complete a total of two courses.

Complete one course from the following:

» Accident Domain Contexts and Methods 1

» Accident Domain Contexts and Methods 2

Complete one course from the following:

» Accident Domain Project 1

» Accident Domain Project 2

**ENGLISH LANGUAGE REQUIREMENTS**

Standard entry requirements apply.

**Important notes**

» Term fee indicated is based on a standard full-time study load.

Please visit our website or contact us for more information.
GRADUATE DIPLOMA OF ACCIDENT INVESTIGATION

Program Code: CC50
Intakes: Term 1, Term 2
Availability: Distance
Term Fee: 10,800  Program Fee: 21,600

The Graduate Diploma of Accident Investigation develops advanced level expertise in the investigation and analysis of the factors which lead to accidents and the interventions required to prevent their recurrence. Upon graduation you will be able to demonstrate advanced skills at systematically breaking down the factors leading to an accident and making the necessary findings and conclusions for prevention.

CAREER OPPORTUNITIES
On completion, you will possess a comprehensive set of accident investigation and accident prevention skills and knowledge to lead advanced investigation professional and leader.

PROFESSIONAL RECOGNITION
This program is accredited by a range of professional bodies, which graduates may be eligible for membership. Please refer to our handbook for more details.

PROGRAM STRUCTURE
You are required to complete a total of five core courses.
- Safety and Accident Phenomenology
- Investigation Principles and Analysis
- Investigation of Human Factors
- Accident Forensics and Engineering
- Crash Lab Project

ENGLISH LANGUAGE REQUIREMENTS
Standard entry requirements apply.

Important notes
- Term fee indicated is based on a standard full-time study load.
- There are two courses with a compulsory residential school.

Please visit our website or contact us for more information.

GRADUATE CERTIFICATE IN ADVANCED SAFETY SCIENCE PRACTICE

Program Code: CC49
Intakes: Term 1, Term 2
Availability: Distance
Term Fee: 10,800  Program Fee: 10,800

The Graduate Certificate in Advanced Safety Science Practice provides graduates of the Bachelor of Occupational Health and Safety or Graduate Diploma of Occupational Health and Safety an opportunity to further develop their safety science related knowledge, analysis and research skills in a way that will enable them to lead and manage specific complex safety environments.

CAREER OPPORTUNITIES
The Graduate Certificate in Advanced Safety Science Practice will enhance your career advancement opportunities as a specialist with advanced knowledge of specific complex safety environments.

PROGRAM STRUCTURE
You are required to complete a total of six courses.
- Complete one course from the following:
  - Specialisation Contexts and Methods 1
  - Specialisation Contexts and Methods 2
- Complete one course from the following:
  - Specialisation Project 1
  - Specialisation Project 2

ENGLISH LANGUAGE REQUIREMENTS
Standard entry requirements apply.

Important notes
- Term fee indicated is based on a full-time study load.

Please visit our website or contact us for more information.

MASTER OF ADVANCED SAFETY SCIENCE PRACTICE

Program Code: CC76
Intakes: Term 1, Term 2
Availability: Distance
Term Fee: 10,800  Program Fee: 32,400

The Master of Advanced Safety Science Practice provides graduates of the Bachelor of Occupational Health and Safety or Accident Forensics to further develop their safety science related knowledge, analysis and research skills that will allow you to become a safety leader and manage complex safety environments.

CAREER OPPORTUNITIES
On completion you will benefit from enhanced career opportunities in both private and public sectors.

PROGRAM STRUCTURE
You are required to complete a total of six core courses.

Core Courses
- Safety and Accident Phenomenology
- Safety Science Thesis 1
- Safety Science Thesis 2

Complete one course from the following:
- Specialisation Contexts and Methods 1
- Accident Domain Contexts and Methods 1

Complete one course from the following:
- Specialisation Project 1
- Accident Domain Project 1

Complete one course from the following:
- Specialisation Contexts and Methods 2
- Accident Domain Contexts and Methods 2

Complete one course from the following:
- Specialisation Project 2
- Accident Domain Project

ENGLISH LANGUAGE REQUIREMENTS
Standard entry requirements apply.

Important notes
- Term fee indicated is based on a full-time study load.
- There are two courses with a compulsory residential school.

Please visit our website or contact us for more information.
The Master of Safety Science (Major) provides you with a sophisticated set of safety science related knowledge, analysis and research skills that will allow graduates to become safety leaders and manage complex safety and investigation environments.

**CAREER OPPORTUNITIES**
Graduates typically find employment as safety managers, human factors specialists, professional accident investigators, consultants and researchers with the sophisticated skills to lead transdisciplinary teams of safety science related professionals and practitioners.

**PROFESSIONAL RECOGNITION**
Graduates may be eligible to apply for Chartered Professional Membership with the Safety Institute of Australia once they have completed the appropriate years of service. The program meets the requirements for accreditation by the Australian OHS Education Accreditation Board.

**PROGRAM STRUCTURE**
You are required to complete three core courses and one major. The total number of courses required to complete this program depends on your chosen major.

**Core Courses**
- Safety and Accident Phenomenology
- Safety Science Thesis 1
- Safety Science Thesis 2

**Majors**
- Accident Forensics
- Air Safety Investigation
- Emergency Services Safety
- Human Factors Engineering
- Industrial Accident Investigation
- Rail Safety Investigation
- Risk Engineering
- Road Safety Investigation
- Transport Safety Management

**ENGLISH LANGUAGE REQUIREMENTS**
Standard entry requirements apply.

**Important notes**
- There are two courses with a compulsory residential school.
- Term fee indicated is based on a full-time study load.

Please visit our website or contact us for more information.

**GRADUATE CERTIFICATE IN FATIGUE RISK MANAGEMENT**

**Program Code:** CC78
**Intakes:** Term 1, Term 2
**Availability:** Distance
**Term Fee:** $5400  Program Fee: $10,800

The Graduate Certificate in Fatigue Risk Management aims to develop a comprehensive set of skills and knowledge relating to managing the risks associated with fatigue.

**CAREER OPPORTUNITIES**
Recent developments in safety regulation mean that there are very good employment prospects for graduates of this program. Fatigue has recently been classified as an identifiable work related hazard and organisations in certain industry sectors are now required to present a fatigue management plan under relevant legislation. Preparation of this plan in aviation, rail, road and mining will require an appropriately qualified individual to assist in the design, implementation and evaluation of this plan. In addition, regulatory agencies tasked with approving fatigue risk management plans will require appropriately trained and knowledgeable professionals.

**PROGRAM STRUCTURE**
You are required to complete a total of three core courses.
- Safety and Accident Phenomenology
- Human Factors in Complex Systems
- Fatigue Risk Management

**ENGLISH LANGUAGE REQUIREMENTS**
Standard entry requirements apply.

**Important notes**
- Term fee indicated is based on a full-time study load.
- There is one course with a compulsory residential school.

Please visit our website or contact us for more information.

**GRADUATE DIPLOMA OF OCCUPATIONAL HEALTH AND SAFETY**

**Program Code:** CC77
**Intakes:** Term 1, Term 2
**Availability:** Distance
**Term Fee:** $10,800  Program Fee: $21,600

The Graduate Diploma of Occupational Health and Safety aims to prepare professionals working in industry and community services in advanced aspects of occupational health and safety. You will have the opportunity to complete authentic learning tasks in the state of the art, purpose-built Forensic Accident Investigation Crash Lab, one of the only one of its kind in Australia.

**CAREER OPPORTUNITIES**
You will undertake core subjects in the areas of human factors, occupational health, risk management, occupational hygiene, OHS law, safety systems and accident phenomenology. This will enhance your career advancement opportunities across both the private and public sectors as safety professionals.

**PROFESSIONAL RECOGNITION**
Graduates may be eligible to apply for Chartered Professional Membership with the Safety Institute of Australia.

**PROGRAM STRUCTURE**
You are required to complete a total of six core courses.
- Safety and Accident Phenomenology
- Human Factors in Complex Systems
- Fatigue Risk Management
- Exposures and Health Risk
- Evidence-Informed OHS Practice
- Safety Systems and Regulation

MASTER OF PODIATRY PRACTICE

Program Code: CC75
Intakes: Term 3
Availability: Sydney
Term Fee: 11,400  Program Fee: 57,000
CRICOS Provider Code: 085323M

The Master of Podiatry Practice prepares graduates for advanced clinical practice in the profession of podiatry. Podiatrists are health professionals who deal with the prevention, diagnosis, treatment and rehabilitation of medical and surgical conditions of the feet and lower limbs. The program is demanding and requires students to be focused on intensive study and also be available for associated clinical placement between terms.

CAREER OPPORTUNITIES
Podiatrists can work across diverse settings in both rural and urban areas including hospitals, multidisciplinary health clinics, community health centres, private practice, as well as in research and development.

PROFESSIONAL RECOGNITION
On successful completion, graduates will be eligible to apply for registration to practice as a podiatrist (subject to external accreditation with Australia and New Zealand Podiatry Accreditation Council).

PROGRAM STRUCTURE
You are required to complete 18 core courses plus approximately 1000 hours of combined internal and external clinical placement throughout the program.

Core Courses
» Podiatry Clinical Practice 1
» Advanced Anatomy and Podiatric Biomechanics
» Gerontology in Podiatry Practice
» Podiatry Clinical Practice 2
» Clinical Biomechanics of the Lower Limb
» Sports in Podiatry Practice
» Neurovascular Medicine in Podiatry Practice
» Podiatry Clinical Practice 3
» Advanced Pharmacology in Podiatry Practice
» Diabetes in Podiatry Practice
» Paediatrics in Podiatry Practice
» Podiatry Clinical Practice 4
» Surgery in Podiatry Practice
» High Risk Foot and Chronic Wound Care
» Rheumatology and Musculoskeletal Medicine in Podiatry Practice
» Podiatry Clinical Practice 5
» Complex Cases by Research in Podiatry Practice
» Professional Issues in Podiatry Practice

INFORMATION TECHNOLOGY AND DIGITAL MEDIA

CQUniversity’s information technology (IT) programs recognise the impact of IT on almost every aspect of our day-to-day lives. By undertaking postgraduate study in this field you will boost your career advancement prospects, which will give you an edge in the increasingly competitive job market.

At CQUniversity, we provide the right mix of theory and practical experience to ensure that your qualifications are relevant and well-rounded, making you attractive to employers and helping to widen your career options.

Unlike most other IT programs, our focus extends beyond the technical aspects with a unique, personal approach to teaching. Every program is delivered by our supportive lecturers and staff who offer industry-relevant courses backed by real-world experience, and include IT specialists, programmers and graphic designers. Each of our programs is monitored and continually enhanced to ensure they stay current and are at the leading edge of new developments and in line with the latest digital industry practices.

Find the latest course and program details online at www.cqu.edu.au.

GRADUATE CERTIFICATE IN INFORMATION SYSTEMS

Program Code: CC29
Intakes: Term 1, Term 2, Term 3
Availability: Brisbane, Melbourne, Rockhampton North, Sydney, Distance
Term Fee: 11,610  Program Fee: 11,610
CRICOS Program Code: 083581J

The Graduate Certificate in Information Systems enables you to gain a broad understanding of information systems applications in industry as well as specific skills in programming, systems analysis and project management.

CAREER OPPORTUNITIES
Graduates from this program find employment in positions such as ICT Support Technician, ICT Customer Support Officer, Web Developer, or Project Management Support Officer. This program is suitable for those currently outside the field but who are looking to enter and work in the ICT industry.

PROGRAM STRUCTURE
You are required to complete a total of four core courses.
» Project Management Concepts
» Information Systems Analysis and Design
» Professional Skills in Information Communication Technology
» Introduction to Programming

ENGLISH LANGUAGE REQUIREMENTS
Standard entry requirements apply.
Please visit our website or contact us for more information.

GRADUATE DIPLOMA OF INFORMATION SYSTEMS

Program Code: CC47
Intakes: Term 1, Term 2, Term 3
Availability: Brisbane, Melbourne, Rockhampton North, Sydney, Distance
Term Fee: 11,610  Program Fee: 23,220
CRICOS Program Code: 083585E

The Graduate Diploma of Information Systems enables you to gain a broad understanding of information systems applications in industry as well as specific skills in programming, systems analysis, databases, ICT services management and project management. You will also complete a course in e-Business Systems that will deepen your understanding of information systems.

CAREER OPPORTUNITIES
Graduates from this program find employment in positions such as ICT Support Technician, ICT customer support officer, database administrator, web developer, systems analyst, or project management support officer.

PROGRAM STRUCTURE
You are required to complete a total of eight courses including seven core courses and one elective.

Core Courses
» Introduction to Programming
» Information Systems Analysis and Design
» Professional Skills in Information Communication Technology
» Project Management Concepts
» ICT Services Management
» Database Design and Development
» E-Business Systems

Electives
You must complete one elective.

MASTER OF INFORMATION SYSTEMS

Program Code: CC53
Intakes: Term 1, Term 2, Term 3
Availability: Brisbane, Melbourne, Rockhampton North, Sydney, Distance
Term Fee: 11 610  Program Fee: 46 440
CRICOS Program Code: 083580K

The Master of Information Systems provides an opportunity for graduates who wish to extend their knowledge and skills in information technology, with a focus on business analysis skills at a professional level. Within this highly relevant framework, graduates are well prepared to contribute to future growth and change, whilst at the same time enhancing their individual advancement opportunities.

CAREER OPPORTUNITIES

Upon graduation you will be equipped to pursue or seek career advancement in roles including business analyst, database administrator, ICT architect, ICT consultant, ICT customer support officer, ICT project manager, ICT support engineer, ICT support technician, systems administrator, systems analyst and web developer.

PROFESSIONAL RECOGNITION

This is a new program to replace CF75 Master of Information Systems and accreditation with the Australian Computer Society is currently being sought. For eligibility concerning membership, please refer to the ACS website at www.acs.org.au.

PROGRAM STRUCTURE

You are required to complete a total of 15 courses including 11 core courses and four electives.

Core Courses

- Professional Skills in Information Communication Technology
- Information Systems Analysis and Design
- Project Management Concepts
- Introduction to Programming
- ICT Services Management
- Database Design and Development
- E-Business Systems
- Knowledge Audits for Business Analysis
- Business Process Management
- Business Intelligence using Big Data
- Information Systems Project

Electives

You must complete four electives from a prescribed list, or from anywhere in the University provided prerequisites have been met. To qualify for an internship opportunity, you will need to undertake BUSN20017 Effective Business Communications as an elective to prepare you for working with the internship host.

ENGLISH LANGUAGE REQUIREMENTS

Standard entry requirements apply. Please visit our website or contact us for more information.

MASTER OF INFORMATION TECHNOLOGY

Program Code: CC54
Intakes: Term 1, Term 2, Term 3
Availability: Brisbane, Melbourne, Rockhampton North, Sydney, Distance
Term Fee: 11,610  Program Fee: 46,170
CRICOS Program Code: 083576F

The Master of Information Technology provides professional knowledge and skills in information technology. The speciality majors in this program focus on software design and development, networks and information security, and mobile application development and these are supported by an available minor in Project and Program Management.

CAREER OPPORTUNITIES
This program will boost your career advancement prospects and provide a competitive advantage. Positions in the IT sector include developer programmer, ICT support technician, ICT customer support officer, analyst programmer, database administrator, ICT support engineer, ICT systems test engineer, network administrator, web developer, computer network systems engineer, ICT architect, ICT consultant, ICT security specialist, software and apps programmer, software engineer, systems administrator, project manager.

PROFESSIONAL RECOGNITION
This is a new program to replace CF74 Master of Information Technology and accreditation with the Australian Computer Society is currently being sought. For eligibility concerning membership, please refer to the ACS website at www.acs.org.au.

PROGRAM STRUCTURE
You are required to complete a total of 15 courses including one major (11 courses) and four electives.

Majors
» Networks and Information Security
» Software Design and Development
» Mobile Application Development

Electives
You must complete four electives from a prescribed list, or from anywhere in the University provided prerequisites have been met. To qualify for an internship opportunity, you will need to undertake BUSN20017 Effective Business Communications as an elective to prepare you for working with the internship host.

ENGLISH LANGUAGE REQUIREMENTS
Standard entry requirements apply.

Important notes
» Accreditation will be finalised in early 2015.
» You may be able to undertake an internship in place of doing your discipline capstone course.

Please visit our website or contact us for more information.

‘I completed my graduate diploma at CQUniversity Sydney in 2009 and went back to my country to work. I loved the people and culture there. I would love to be in that kind of environment again, so after working in the ICT industry in my country for two years, I came back to CQUniversity, this time in Melbourne, to do the Master of Information Systems. I had one of the most amazing teachers in my life – he was always inspiring and supporting me. I also had a good time with my classmates.’

LINH HOANG, VIETNAM
Master of Information Systems
CQUniversity International Student Ambassador
RESEARCH HIGHER DEGREES

CQUniversity provides a range of exciting and relevant research opportunities for masters by research and doctoral candidates. We are committed to excellence and quality in the research training experience of our candidates.

Research degrees require you to undertake supervised research on a specific topic of interest. The choice of research topic is varied. You can choose any area, provided the University confirms the topic is valid and is able to provide suitable supervision and adequate facilities. Your research will lead to the preparation of a thesis which will be critically reviewed by an expert panel.

The masters by research is a program of supervised research and study leading to the submission of a thesis which makes a contribution to knowledge. The doctorate is a program of supervised research, which requires candidates to make a significant and original contribution to new knowledge.

All higher research degrees are governed by the relevant Program Rules, located at www.cqu.edu.au/research, which provide details regarding all aspects of admission, progression, submission and examination of the thesis. Consultation with the University will assist you to determine eligibility for admission, to identify the proposed areas of research and to ascertain the availability of suitable supervisors.

Find the latest course and program details online at www.cqu.edu.au.

MASTER OF APPLIED SCIENCE

Program Code: CA40
Intakes: Term 1, Term 2, Term 3
Availability: Adelaide, Brisbane, Bundaberg, Gladstone Marina, Mackay Orara, Melbourne, Noosa, Rockhampton North, Sydney
Term Fee: 12720 Program Fee: 50880
CRICOS Program Code: 020808E

AREAS OF STUDY
- Agriculture, Environmental and Related Studies
- Biological Sciences
- Chemical Sciences
- Computer Science
- Engineering and Related Technologies
- Earth Sciences
- Horticulture and Viticulture
- Informatics
- Information Systems
- Mathematical Sciences
- Physics and Astronomy

Please visit our website or contact us for more information.

MASTER OF BUSINESS

Program Code: CA81
Intakes: Term 1, Term 2, Term 3
Availability: Adelaide, Brisbane, Bundaberg, Gladstone Marina, Mackay Orara, Melbourne, Noosa, Rockhampton North, Sydney
Term Fee: 9600 Program Fee: 38400
CRICOS Program Code: 020771B

AREAS OF STUDY
- Business (Research)
- Management and Commerce

Please visit our website or contact us for more information.

MASTER OF COMMUNICATION

Program Code: CU37
Intakes: Term 1, Term 2, Term 3
Availability: Adelaide, Brisbane, Bundaberg, Gladstone Marina, Mackay Orara, Melbourne, Noosa, Rockhampton North, Sydney
Term Fee: 12720 Program Fee: 50880
CRICOS Program Code: 040965D

AREAS OF STUDY
- Communication
- Communication Technologies
- Journalism

Please visit our website or contact us for more information.

MASTER OF ARTS

Program Code: CA45
Intakes: Term 1, Term 2, Term 3
Availability: Adelaide, Brisbane, Bundaberg, Gladstone Marina, Mackay Orara, Melbourne, Noosa, Rockhampton North, Sydney
Term Fee: 12720 Program Fee: 50880
CRICOS Program Code: 001271B

AREAS OF STUDY
- Communication and Media Studies
- Human Welfare Studies and Services
- Language and Literature
- Law
- Master of Arts
- Political Science and Studies
- Studies in Human Society

Please visit our website or contact us for more information.
## Master of Education

**Program Code:** CA73  
**Intakes:** Term 1, Term 2, Term 3  
**Availability:** Adelaide, Brisbane, Bundaberg, Gladstone Marina, Mackay Ooralea, Melbourne, Noosa, Rockhampton North, Sydney  
**Term Fee:** 9600  
**Program Fee:** 38 400  
**CRICOS Program Code:** 075036A

### Areas of Study
- Creative Arts
- Education

Please visit our website or contact us for more information.

## Master of Health Science

**Program Code:** CQ17  
**Intakes:** Term 1, Term 2, Term 3  
**Availability:** Adelaide, Brisbane, Bundaberg, Gladstone Marina, Mackay Ooralea, Melbourne, Noosa, Rockhampton North, Sydney  
**Term Fee:** 12 720  
**Program Fee:** 50 880  
**CRICOS Program Code:** 015724G

### Areas of Study
- Health Science
- Nursing
- Public Health

Please visit our website or contact us for more information.

## Master of Informatics

**Program Code:** CU36  
**Intakes:** Term 1, Term 2, Term 3  
**Availability:** Adelaide, Brisbane, Bundaberg, Gladstone Marina, Mackay Ooralea, Melbourne, Noosa, Rockhampton North, Sydney  
**Term Fee:** 12 720  
**Program Fee:** 50 880  
**CRICOS Program Code:** 040964E

### Areas of Study
- Informatics
- Information Systems
- Information Technology
- Computer Science

Please visit our website or contact us for more information.

## Master of Engineering

**Program Code:** CA63  
**Intakes:** Term 1, Term 2, Term 3  
**Availability:** Adelaide, Brisbane, Bundaberg, Gladstone Marina, Mackay Ooralea, Melbourne, Noosa, Rockhampton North, Sydney  
**Term Fee:** 12 720  
**Program Fee:** 50 880  
**CRICOS Program Code:** 020532F

### Area of Study
- Engineering

Please visit our website or contact us for more information.

## Master of Human Movement Science

**Program Code:** CU90  
**Intakes:** Term 1, Term 2  
**Availability:** Adelaide, Brisbane, Bundaberg, Gladstone Marina, Mackay Ooralea, Melbourne, Noosa, Rockhampton North, Sydney  
**Term Fee:** 12 720  
**Program Fee:** 50 880  
**CRICOS Program Code:** 023159J

### Area of Study
- Human Movement Science

Please visit our website or contact us for more information.

## Doctor of Education

**Program Code:** CQ16  
**Intakes:** Term 1, Term 2, Term 3  
**Availability:** Adelaide, Brisbane, Bundaberg, Gladstone Marina, Mackay Ooralea, Noosa, Rockhampton North, Sydney  
**Term Fee:** 9600  
**Program Fee:** 76 800  
**CRICOS Program Code:** 075084D

The Doctor of Education is a program of supervised research and study that may be undertaken in a range of possible fields. Your research will lead to the submission of a thesis, which makes a significant original contribution to knowledge. This contribution can be in the form of new knowledge, or of significant and original adaptation, application and interpretation of existing knowledge.

Please visit our website or contact us for more information.
DOCTOR OF PHILOSOPHY – ARTS, HUMANITIES AND EDUCATION

Program Code: CD61
Intakes: Term 1, Term 2, Term 3
Availability: Adelaide, Brisbane, Bundaberg, Gladstone Marina, Mackay Ooralea, Melbourne, Noosa, Rockhampton North, Sydney
Term Fee: $12,720  Program Fee: $101,760
CRICOS Program Code: 058809B

The Doctor of Philosophy (PhD) is a program of supervised research and study leading to the submission of a thesis which makes a significant original contribution to knowledge. For areas of study for the Doctor of Philosophy – Arts, Humanities and Education, please visit our website.

DOCTOR OF PHILOSOPHY – BUSINESS AND INFORMATICS

Program Code: CD60
Intakes: Term 1, Term 2, Term 3
Availability: Adelaide, Brisbane, Bundaberg, Gladstone Marina, Mackay Ooralea, Melbourne, Noosa, Rockhampton North, Sydney
Term Fee: $9,600  Program Fee: $76,800
CRICOS Program Code: 058808C

The Doctor of Philosophy (PhD) is a program of supervised research and study leading to the submission of a thesis which makes a significant original contribution to knowledge. For areas of study for the Doctor of Philosophy – Business and Informatics, please visit our website.

DOCTOR OF PHILOSOPHY – SCIENCES, ENGINEERING AND HEALTH

Program Code: CD62
Intakes: Term 1, Term 2, Term 3
Availability: Adelaide, Brisbane, Bundaberg, Gladstone Marina, Mackay Ooralea, Melbourne, Noosa, Rockhampton North, Sydney
Term Fee: $12,720  Program Fee: $101,760
CRICOS Program Code: 058808C

The Doctor of Philosophy (PhD) is a program of supervised research and study leading to the submission of a thesis which makes a significant original contribution to knowledge. For areas of study for the Doctor of Philosophy – Sciences, Engineering and Health, please visit our website.

DOCTOR OF PROFESSIONAL STUDIES

Program Code: CU56
Intakes: Term 1, Term 2, Term 3
Availability: Adelaide, Brisbane, Bundaberg, Gladstone Marina, Mackay Ooralea, Melbourne, Noosa, Rockhampton North, Sydney
Term Fee: $9,600  Program Fee: $76,800
CRICOS Program Code: 077817M

The Doctor of Professional Studies is a program which provides a high level of knowledge and skills development for professionals dealing with the demands of the digital economy. Based in a problem-solving perspective, courses are aimed at developing insights into the challenges of social, economic and political change that are relevant to all kinds of professional work.

Please visit our website or contact us for more information.

Programs are subject to change at the discretion of the University. The University reserves the right to alter fees. International students studying on-campus are able to complete their program. Estimated term fees for programs that are available by distance education are fees in Australian dollars. Fees do not cover additional costs such as study guides, textbooks, living etc. It is your responsibility to make yourself aware of the entry requirements and pre-requisites of the program you wish to undertake. You should consult with a CQUniversity adviser prior to applying.

**Legend:** FT – Full-time, PT – Part-time, T1 – Term 1, T2 – Term 2, T3 – Term 3

Please note the following important information:

- Fees are indicative and may be lower or higher, depending on courses selected during enrolment, as not all courses will cost the same amount.
- Fees do not cover additional costs such as study guides, textbooks, accommodation, visa applications, Overseas Student Health Cover, general living etc.
- Fees are in Australian dollars.
- Estimated term fees for programs that are available by distance education are based on a standard full-time study mode, except for CD63, CD65 and CC78, which are only available on a part-time basis.
- International students studying on-campus in Australia may only take 25 percent of their entire program by distance education, and this option cannot be taken in its entirety during a compulsory term (Term 1 and Term 2).
- You should consult with a CQUniversity adviser prior to applying.

### CQUNIVERSITY TERMINOLOGY

<table>
<thead>
<tr>
<th>Term</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>Associate degree</td>
<td>An associate degree is designed to qualify you at the para-professional level. This program can also provide a pathway into a bachelor degree.</td>
</tr>
<tr>
<td>Bachelor degree</td>
<td>A bachelor degree is usually the first program studied at university. Completion of a bachelor degree is required for entry into a number of professional careers.</td>
</tr>
<tr>
<td>Census date</td>
<td>The last day a student may withdraw their enrolment from a course without incurring financial or academic penalty.</td>
</tr>
<tr>
<td>Certificate I – IV</td>
<td>Certificate I to IV are a set of qualifications awarded in the VET sector. The four levels of certificates recognise increasing levels of skills.</td>
</tr>
<tr>
<td>Course</td>
<td>A course (may also be referred to as subject or unit at other institutions) is a component of a program. A standard three year bachelor degree consists of 24 courses.</td>
</tr>
<tr>
<td>Diploma and advanced diploma</td>
<td>Diploma and advanced diploma provide a VET qualification that prepares you for work that requires a broad range of complex technical skills and in-depth knowledge in a chosen vocational area.</td>
</tr>
<tr>
<td>Distance education</td>
<td>Also known as flexible study, flex, external, off-campus or online study. Principally there is no need to regularly attend classes on-campus.</td>
</tr>
<tr>
<td>Full-time load</td>
<td>Full-time is defined as 100 percent of a nominal full-time load. International students must maintain a standard full-time academic load of 48 units of credit across the academic year (or 24 units of credit per term) to fulfil visa requirements.</td>
</tr>
<tr>
<td>Graduate certificate</td>
<td>A graduate certificate provides specialised study in a specific subject area, with the opportunity to progress to a graduate diploma and/or masters upon completion.</td>
</tr>
<tr>
<td>Graduate diploma</td>
<td>A graduate diploma is designed for those who have already completed a bachelor degree or equivalent, or have significant professional or industry experience in a relevant area. A graduate diploma enables you to develop skills in a specialised area, or move in a new career direction.</td>
</tr>
<tr>
<td>Honours</td>
<td>An honours program is an additional year of study full-time, or part-time equivalent, beyond a bachelor degree. Honours is designed for those who wish to extend their knowledge in a major area of specialisation or continue on to study a research higher degree.</td>
</tr>
<tr>
<td>International student</td>
<td>An international student is a person who is not an Australian citizen, New Zealand citizen or an Australian Permanent Resident. An international student may hold an Australian student visa, or they may be in Australia on a different visa, or they may reside outside Australia and enrol in distance education.</td>
</tr>
<tr>
<td>Masters by coursework</td>
<td>Masters by coursework programs teach a series of specialist courses designed to extend your professional understanding in a particular subject area, or provide you with an opportunity to move in a new professional direction.</td>
</tr>
<tr>
<td>Part-time load</td>
<td>A part-time study load consists of one to two courses per term. International students may only study part-time in Australia if allowed under their visa conditions.</td>
</tr>
<tr>
<td>Postgraduate</td>
<td>Higher-level study usually undertaken after the completion of an undergraduate degree. Examples are graduate certificate, graduate diploma, master or doctorate.</td>
</tr>
<tr>
<td>Program</td>
<td>A program is the combination of courses that make up the full award, such as a Bachelor of Arts.</td>
</tr>
<tr>
<td>Research higher degree</td>
<td>A program at masters or doctoral level in which more than two-thirds of the study required, taken across the whole program, is research rather than coursework.</td>
</tr>
<tr>
<td>Technical and Further Education (TAFE)</td>
<td>An organisation which is recognised or has been recognised in the past by the relevant State or Territory education authority as being a technical and further education institution.</td>
</tr>
<tr>
<td>Term</td>
<td>A term is a 12 week period of time (normally with a vacation week during the period) when lectures and tutorials are held and when assessment pieces fall due. This may also be called a semester by other universities.</td>
</tr>
<tr>
<td>Undergraduate</td>
<td>Normally the first degree undertaken at university. Examples are diploma, associate degree or bachelor.</td>
</tr>
<tr>
<td>Vocational Education and Training</td>
<td>Vocational education and training provides skills and knowledge for work, enhances employability and assists learning throughout life.</td>
</tr>

Please note: Dates are subject to change. An application for admission to a Research Higher Degree at CQUniversity may be submitted at any time throughout the year. For more information visit [www.cqu.edu.au/research/how-to-apply](http://www.cqu.edu.au/research/how-to-apply).

---

**Education Services for Overseas Students (ESOS)**

CQUniversity and the Australian Government want international students in Australia to have a safe, enjoyable and rewarding place to study. Australia’s laws promote quality education and consumer protection for international students. These laws are known as the ESOS framework. For further information please visit [www.cqu.edu.au/esos](http://www.cqu.edu.au/esos).
